IC 6-3.5-1.1-1.1 Version a

Determination of allocation amount

Note: This version of section effective until 1-1-2017. See also following repeal of this chapter, effective 1-1-2017.

Sec. 1.1. (a) For purposes of allocating the certified distribution made to a county under this chapter among the civil taxing units and school corporations in the county, the allocation amount for a civil taxing unit or school corporation is the amount determined using the following formula:

STEP ONE: Determine the sum of the total property taxes being collected by the civil taxing unit or school corporation during the calendar year of the distribution.

STEP TWO: Determine the sum of the following:

(A) Amounts appropriated from property taxes to pay the principal of or interest on any debenture or other debt obligation issued after June 30, 2005, other than an obligation described in subsection (b).

(B) Amounts appropriated from property taxes to make payments on any lease entered into after June 30, 2005, other than a lease described in subsection (c).

(C) The proceeds of any property that are:

(i) received as the result of the issuance of a debt obligation described in clause (A) or a lease described in clause (B); and

(ii) appropriated from property taxes for any purpose other than to refund or otherwise refinance a debt obligation or lease described in subsection (b) or (c).

STEP THREE: Subtract the STEP TWO amount from the STEP ONE amount.

STEP FOUR: Determine the sum of:

(A) the STEP THREE amount; plus

(B) the civil taxing unit's or school corporation's certified distribution for the previous calendar year.

The allocation amount is subject to adjustment as provided in IC 36-8-19-7.5.

(b) Except as provided in this subsection, an appropriation from property taxes to repay interest and principal of a debt obligation is not deducted from the allocation amount for a civil taxing unit or

school corporation if:

- (1) the debt obligation was issued; and
- (2) the proceeds appropriated from property taxes;

to refund or otherwise refinance a debt obligation or a lease issued before July 1, 2005. However, an appropriation from property taxes related to a debt obligation issued after June 30, 2005, is deducted if the debt extends payments on a debt or lease beyond the time in which the debt or lease would have been payable if the debt or lease had not been refinanced or increases the total amount that must be paid on a debt or lease in excess of the amount that would have been paid if the debt or lease had not been refinanced. The amount of the deduction is the annual amount for each year of the extension period or the annual amount of the increase over the amount that would have been paid.

(c) Except as provided in this subsection, an appropriation from property taxes to make payments on a lease is not deducted from the allocation amount for a civil taxing unit or school corporation if:

- (1) the lease was issued; and
- (2) the proceeds were appropriated from property taxes;

to refinance a debt obligation or lease issued before July 1, 2005. However, an appropriation from property taxes related to a lease entered into after June 30, 2005, is deducted if the lease extends payments on a debt or lease beyond the time in which the debt or lease would have been payable if the debt or lease had not been refinanced or increases the total amount that must be paid on a debt or lease in excess of the amount that would have been paid if the debt or lease had not been refinanced. The amount of the deduction is the annual amount for each year of the extension period or the annual amount of the increase over the amount that would have been paid. *As added by P.L.207-2005, SEC.1. The tax rate may not be imposed at a rate greater than is necessary to pay the costs of financing, acquiring, improving, renovating, and equipping the county jail and related buildings and parking facilities, including costs related to the demolition of existing buildings and the acquisition of land.

(e) The county treasurer shall establish a county jail revenue fund to be used only for purposes described in this section. County adjusted gross income tax revenues derived from the tax rate imposed under this section shall be deposited in the county jail revenue fund before making a certified distribution under section 11 of this chapter.

(f) County adjusted gross income tax revenues derived from the tax rate imposed under this section:

- (1) may only be used for the purposes described in this section;
- (2) may not be considered by the department of local government finance in determining the county's maximum permissible property tax levy limit under IC 6-1.1-18.5; and
- (3) may be pledged to the repayment of bonds issued, or leases entered into, for purposes described in subsection (b).

(g) Wayne County possesses unique economic development challenges due to underemployment in relation to similarly situated counties. Maintaining low property tax rates is essential to economic development and the use of county adjusted gross income tax revenues as provided in this chapter to pay any bonds issued or leases entered into to finance the construction, acquisition, improvement, renovation, and equipping described under subsection (b), rather than use of property taxes, promotes that purpose.

(h) Notwithstanding any other law, funds accumulated from the

county adjusted gross income tax imposed under this section after:

- (1) the redemption of bonds issued; or
- (2) the final payment of lease rentals due under a lease entered into under this section;

shall be transferred to the county highway fund to be used for construction, resurfacing, restoration, and rehabilitation of county highways, roads, and bridges.

(f) The tax imposed under this section may be imposed only until the last of the following dates:

(1) The date on which the financing, construction, acquisition, improvement, renovation, and equipping described in subsection (b) are completed.

Sec. 2.9. (a) This section applies to Daviess County.

(b) The county council may, by ordinance, determine that additional county adjusted gross income tax revenue is needed in the county to:

(1) finance, construct, acquire, improve, renovate, remodel, or equip the county jail and related buildings and parking facilities, including costs related to the demolition of existing buildings, the acquisition of land, and any other reasonably related costs; and

(2) repay bonds issued or leases entered into for constructing, acquiring, improving, renovating, remodeling, and equipping the county jail and related buildings and parking facilities, including costs related to the demolition of existing buildings, the acquisition of land, and any other reasonably related costs.

(c) In addition to the rates permitted by section 2 of this chapter, the county council may impose the county adjusted gross income tax at a rate of:

(1) fifteen-hundredths percent (0.15%);

(2) two-tenths percent (0.2%); or

(3) twenty-five hundredths percent (0.25%);

on the adjusted gross income of county taxpayers if the county council makes the finding and determination set forth in subsection (b). The tax imposed under this section may be imposed only until the later of the date on which the financing on, acquisition, improvement, renovation, remodeling, and equipping described in subsection (b) are completed or the date on which the last of any bonds issued or leases entered into to finance the construction, acquisition, improvement, renovation, remodeling, and equipping described in subsection (b) are fully paid. The term of the bonds issued (including any refunding bonds) or a lease entered into under subsection (b)(2) may not exceed twenty-five (25) years.

(d) If the county council makes a determination under subsection (b), the county council may adopt a tax rate under subsection (c). The tax rate may not be imposed at a rate greater than is necessary to pay the costs of financing, acquiring, improving, renovating, remodeling, and equipping the county jail and related buildings and parking facilities, including costs related to the demolition of existing buildings, the acquisition of land, and any other reasonably related

(e) The county treasurer shall establish a county jail revenue fund to be used only for purposes described in this section. (f) County adjusted gross income tax revenues derived from the tax rate imposed under this section:

- (1) may be used only for the purposes described in this section;
- (2) may not be considered by the department of local government finance in determining the county's maximum permissible property tax levy limit under IC 6-1.1-18.5; and
- (3) may be pledged to the repayment of bonds issued or leases entered into for purposes described in subsection (b).

(g) Daviess County possesses unique governmental and economic development challenges due to:

- (1) underemployment in relation to similarly situated counties and the loss of a major manufacturing business;
- (2) an increase in property taxes for taxable years after December 31, 2000, for the construction of a new elementary school; and
- (3) overcrowding of the county jail, the costs associated with housing the county's inmates outside the county, and the potential unavailability of additional housing for inmates outside the county.

The use of county adjusted gross income tax revenues as provided in this chapter is necessary for the county to provide adequate jail capacity in the county and to maintain low property tax rates essential to economic development. The use of county adjusted gross income tax revenues as provided in this chapter to pay any bonds issued or leases entered into to finance the construction, acquisition, improvement, renovation, remodeling, and equipping described in subsection (b), rather than the use of property taxes, promotes those purposes.

(h) Notwithstanding any other law, funds accumulated from the county adjusted gross income tax imposed under this section after:

- (1) the redemption of bonds issued; or
- (2) the final payment of lease rentals due under a lease entered into under this section;

shall be transferred to the county highway fund to be used for construction, resurfacing, restoration, and rehabilitation of county highways, roads, and bridges.

(b) A county council may not decrease the county adjusted gross income tax rate if the county or any commission, board, department, or authority that is authorized by statute to pledge the county adjusted gross income tax has pledged the county adjusted gross income tax for any purpose permitted by IC 5-1-14 or any other statute.

(c) The auditor of a county shall record all votes taken on ordinances presented for a vote under the authority of this section and, not more than ten (10) days after the vote, send a certified copy of the results to the commissioner of the department, the director of the budget agency, and the commissioner of the department of local government finance in an electronic format approved by the director of the budget agency.

(d) Notwithstanding IC 6-3.5-7, and except as provided in subsection (e), a county council that decreases the county adjusted gross income tax rate in a year may not in the same year adopt or increase the county economic development income tax under IC 6-3.5-7.

(e) This subsection applies only to LaPorte County. The county council may adopt or increase the county economic development income tax rate under IC 6-3.5-7 in the same year that the county council decreases the county adjusted gross income tax rate if the county economic development income tax rate plus the county adjusted gross income tax rate in effect after the county council decreases the county adjusted gross income tax rate is less than the county adjusted gross income tax rate in effect before the adoption of an ordinance under this section decreasing the rate of the county adjusted gross income tax.

The tax imposed under this section may be imposed only until the later of the date on which the financing on acquisition, improvement, renovation, and equipping described in subsection (c) is completed or the date on which the last of any bonds issued or leases entered into to finance the construction, acquisition, improvement, renovation, and equipping described in subsection (c) are fully paid. (i) Notwithstanding any other law, funds accumulated from the county adjusted gross income tax imposed under this section after:

- (1) the redemption of bonds issued; or
- (2) the final payment of lease rentals due under a lease entered into under this section;

shall be transferred to the county general fund.

(2) two-tenths percent (0.2%);

(3) twenty-five hundredths percent (0.25%);

(4) three-tenths percent (0.3%);

(5) thirty-five hundredths percent (0.35%); or

(6) four-tenths percent (0.4%);

on the adjusted gross income of county taxpayers if the county council makes the determination set forth in subsection (b). The tax imposed under this section may be imposed only until the later of the date on which the financing for constructing, acquisition, improvement, renovation, remodeling, and equipping described in subsection (b) is completed or the date on which the last of any bonds issued or leases entered into to finance the construction, acquisition, improvement, renovation, remodeling, and equipping described in subsection (b) are fully paid. The term of the bonds issued (including any refunding bonds) or a lease entered into under subsection (b)(2) may not exceed twenty (20) years.

(e) The county treasurer shall establish a county facilities revenue fund to be used only for the purposes described in this section.

County adjusted gross income tax revenues derived from the tax rate imposed under this section shall be deposited in the county facilities revenue fund before making a certified distribution under sections 10 and 11 of this chapter.

(f) County adjusted gross income tax revenues derived from the tax rate imposed under this section:

- (2) may not be considered by the department of local government finance in determining the county's maximum permissible ad valorem property tax levy limit under IC 6-1.1-18.5; and
- (3) may be pledged to the repayment of bonds issued or leases entered into for the purposes described in subsection (b).

(g) Tipton County possesses unique governmental and economic development challenges and opportunities due to:

- (1) the county's heavy agricultural base;
- (2) deficiencies in the current county jail, including:
 - (A) overcrowding;
 - (B) lack of program and support space for efficient jail operations;
 - (C) inadequate line of sight supervision of inmates, due to current jail configuration;
 - (D) lack of adequate housing for an increasing female inmate population and inmates with special needs;
 - (E) lack of adequate administrative space; and

- (3) the presence of a large industrial employer that offers the opportunity to expand the income tax base; and
- (4) the presence of the historic Tipton County jail and sheriff's home, listed on the National Register of Historic Places.

The use of county adjusted gross income tax revenue as provided in this section is necessary for the county to provide adequate jail facilities in the county and to maintain low property tax rates essential to economic development. The use of county adjusted gross income tax revenues as provided in this section to pay any bonds issued or leases entered into to finance the construction, acquisition, improvement, renovation, remodeling, and equipping described in subsection (b), rather than the use of property taxes, promotes those purposes.

Pulaski County; additional tax for jail and justice center

Note: This version of section effective until 1-1-2017. See also following repeal of this chapter, effective 1-1-2017.

Sec. 3.5. (a) This section applies only to Pulaski County.

(b) The county council may, by ordinance, determine that additional county adjusted gross income tax revenue is needed in the county to fund the operation and maintenance of a jail and justice center.

(c) Notwithstanding section 2 of this chapter, if the county council adopts an ordinance under subsection (b), the county council may impose the county adjusted gross income tax at a rate of one and three-tenths percent (1.3%) on adjusted gross income. However, a county may impose the county adjusted gross income tax at a rate of one and three-tenths percent (1.3%) only for calendar years beginning before January 1, 2021. If the county council imposes the county adjusted gross income tax at a rate of one and three-tenths percent (1.3%), the county council may decrease the rate or rescind the tax in the manner provided under this chapter. If an augmented county adjusted gross income tax rate authorized by this section is in effect in the county on December 31, 2020, the rate is reduced to one percent (1%) after December 31, 2020.

(d) If the county imposes the county adjusted gross income tax at an additional rate under this section, the revenue derived from the additional tax rate on adjusted gross income:

- (1) shall be paid to the county treasurer;
- (2) may be used only to pay the costs of operating and maintaining a jail and justice center; and

IC 6-3.5-1.1-3.6 Version a

Union County; additional rate for county courthouse; fund; use of additional revenue; balance transfer to county highway fund

Note: This version of section effective until 1-1-2017. See also following repeal of this chapter, effective 1-1-2017.

Sec. 3.6. (a) This section applies only to Union County.

(b) The county council may, by ordinance, determine that additional county adjusted gross income tax revenue is needed in the county to:

- (1) finance, construct, acquire, improve, renovate, or equip the county courthouse; and
- (2) repay bonds issued, or leases entered into, for constructing, acquiring, improving, renovating, and equipping the county courthouse.

(c) In addition to the rates permitted under section 2 of this chapter, the county council may impose the county adjusted gross income tax at a rate of twenty-five hundredths percent (0.25%) on the adjusted gross income of county taxpayers if the county council makes the finding and determination set forth in subsection (b). The tax imposed under this section may be imposed only until the later of the date on which the financing on, acquisition, improvement, renovation, and equipping described in subsection (b) is completed or the date on which the last of any bonds issued or leases entered into to finance the construction, acquisition, improvement, renovation, and equipping described in subsection (b) are fully paid. The term of the bonds issued (including any refunding bonds) or a lease entered into under subsection (b)(2) may not exceed twenty-two (22) years.

(d) If the county council makes a determination under subsection (b), the county council may adopt a tax rate under subsection (c). The tax rate may not be imposed for a time greater than is necessary to pay the costs of financing, constructing, acquiring, renovating, and equipping the county courthouse.

(e) The county treasurer shall establish a county courthouse revenue fund to be used only for purposes described in this section. County adjusted gross income tax revenues derived from the tax rate imposed under this section shall be deposited in the county courthouse revenue fund before a certified distribution is made under section 11 of this chapter.

(f) County adjusted gross income tax revenues derived from the tax rate imposed under this section:

- (1) may only be used for the purposes described in this section;
- (2) may not be considered by the department of local government finance in determining the county's maximum permissible property tax levy under IC 6-1.1-18.5; and
- (3) may be pledged to the repayment of bonds issued or leases entered into for purposes described in subsection (b).

(g) Union County possesses unique economic development challenges due to:

- (1) the county's heavy agricultural base;
- (2) the presence of a large amount of state owned property in the county that is exempt from property taxation; and
- (3) recent obligations of the school corporation in the county that have already increased property taxes in the county and imposed additional property tax burdens on the county's agricultural base.

Maintaining low property tax rates is essential to economic development. The use of county adjusted gross income tax revenues as provided in this chapter to pay any bonds issued or leases entered into to finance the construction, acquisition, improvement, renovation, and equipping described in subsection (b), rather than the use of property taxes, promotes that purpose.

(h) Notwithstanding any other law, funds accumulated from the

(2) The date on which the last of any bonds issued (including refunding bonds) or leases entered into to finance the construction, acquisition, improvement, renovation, and equipping of the facilities described in subsection (b) are fully paid.

(3) The date on which an ordinance adopted under subsection (c) is rescinded.

(e) If the county council imposes a tax under this section to pay for the purposes described in subsection (b)(1) and (b)(2), in the year before the facilities are ready for occupancy, the county council shall by ordinance establish a tax rate at a rate permitted under subsection (c) so that the revenue from the tax rate established under this subsection does not exceed the costs of operating and maintaining the facilities described in subsection (b). The tax rate under this subsection may be imposed beginning in the year following the year the ordinance is adopted and until the date on which the ordinance adopted under this subsection is rescinded.

(f) The term of a bond issued (including any refunding bond) or a lease entered into under subsection (b) may not exceed twenty-five (25) years.

(g) The county treasurer shall establish a county jail revenue fund to be used only for the purposes described in this section. County adjusted gross income tax revenues derived from the tax rate imposed under this section shall be deposited in the county jail revenue fund before making a certified distribution under sections 10 and 11 of this chapter.

(h) County adjusted gross income tax revenues derived from the tax rate imposed under this section:

- (1) may be used only for the purposes described in this section;
- (2) may not be considered by the department of local government finance in determining the county's maximum permissible property tax levy limit under IC 6-1.1-18.5; and
- (3) may be pledged to the repayment of bonds issued or leases entered into for the purposes described in subsection (b).

(i) Rush County possesses unique governmental and economic development challenges and opportunities due to the following:

- (1) Deficiencies in the current county jail, including the following:
 - (A) Aging facilities that have not been significantly improved or renovated since the original construction.
 - (B) Lack of recreation and medical facilities.
 - (C) Inadequate line of sight supervision of inmates due to the configuration of the aging jail.
 - (D) Lack of adequate housing for an increasing female inmate population and for inmates with special needs.
 - (E) Lack of adequate administrative space.
 - (F) Increasing maintenance demands and costs resulting from

having aging facilities.

(2) A limited industrial and commercial assessed valuation in the county.

The use of county adjusted gross income tax revenues as provided in this chapter is necessary for the county to provide adequate jail capacity in the county and to maintain low property tax rates essential to economic development. The use of county adjusted gross income tax revenues as provided in this chapter to pay any bonds issued or leases entered into to finance the construction, acquisition, improvement, renovation, and equipping of the facilities described in subsection (b), rather than the use of property taxes, promotes those purposes.

(j) Notwithstanding any other law, funds accumulated from the county adjusted gross income tax imposed under this section after the termination of the tax under this section shall be transferred to the county rainy day fund under IC 36-1-8-5.1.

Sec. 4. (a) The county adjusted gross income tax imposed by a county council under this chapter remains in effect until rescinded.

(b) Except as provided in subsection (d), the county council may rescind the county adjusted gross income tax by adopting an ordinance to rescind the tax.

(c) The auditor of a county shall record all votes taken on ordinances presented for a vote under the authority of this section and, not more than ten (10) days after the vote, send a certified copy of the results to the commissioner of the department, the director of the budget agency, and the commissioner of the department of local government finance in an electronic format approved by the director of the budget agency.

(d) A county council may not rescind the county adjusted gross income tax or take any action that would result in a civil taxing unit in the county having a smaller certified share than the certified share to which the civil taxing unit was entitled when the civil taxing unit pledged county adjusted gross income tax if the civil taxing unit or any commission, board, department, or authority that is authorized by statute to pledge county adjusted gross income tax has pledged county adjusted gross income tax for any purpose permitted by IC 5-1-14 or any other statute. The prohibition in this section does not apply if the civil taxing unit pledges legally available revenues to fully replace the civil taxing unit's certified share that has been pledged.

Tax in effect part of year; computation

Note: This version of section effective until 1-1-2017. See also following repeal of this chapter, effective 1-1-2017.

Sec. 5. (a) Except as provided in subsections (b) through (c), if the county adjusted gross income tax is not in effect during a county taxpayer's entire taxable year, then the amount of county adjusted gross income tax that the county taxpayer owes for that taxable year equals the product of:

(1) the amount of county adjusted gross income tax the county taxpayer would owe if the tax had been imposed during the county taxpayer's entire taxable year; multiplied by

(2) a fraction:

(A) The numerator of the fraction equals the number of days during the county taxpayer's taxable year during which the county adjusted gross income tax was in effect.

(B) The denominator of the fraction equals the total number of days in the county taxpayer's taxable year.

(b) If a county taxpayer:

(1) is unemployed for a part of the taxpayer's taxable year;

(2) was not discharged for just cause (as defined in IC 22-4-15-1(e)); and

(3) has no earned income for the part of the taxpayer's taxable year that the tax was in effect;

the county taxpayer's adjusted gross income for the taxable year is reduced by the amount of the taxpayer's earned income for the taxable year.

(c) A taxpayer who qualifies under subsection (b) must file a claim for a refund for the difference between the county adjusted gross income tax owed, as determined under subsection (a), and the tax owed, as determined under subsection (b). A claim for a refund must be on a form approved by the department and include all supporting documentation reasonably required by the department.

Credit for taxes imposed by governmental entities outside Indiana

Note: This version of section effective until 1-1-2017. See also following repeal of this chapter, effective 1-1-2017.

Sec. 6. (a) Except as provided in subsection (b), if for a particular taxable year a county taxpayer is liable for an income tax imposed by a county, city, town, or other local governmental entity located outside of Indiana, that county taxpayer is entitled to a credit against his county adjusted gross income tax liability for that same taxable year. The amount of the credit equals the amount of tax imposed by the other governmental entity on income derived from sources outside Indiana and subject to the county adjusted gross income tax.

However, the credit provided by this section may not reduce a county taxpayer's county adjusted gross income tax liability to an amount less than would have been owed if the income subject to taxation by the other governmental entity had been ignored.

(b) The credit provided by this section does not apply to a county taxpayer to the extent that the other governmental entity provides for a credit to the taxpayer for the amount of county adjusted gross income taxes owed under this chapter.

(c) To claim the credit provided by this section, a county taxpayer must provide the department with satisfactory evidence that he is entitled to the credit.

Note: This version of section effective until 1-1-2016. See also following repeal of this section, effective 1-1-2016, and following repeal of this chapter, effective 1-1-2017.

Sec. 7. (a) If for a particular taxable year a county taxpayer is, or a county taxpayer and the taxpayer's spouse who file a joint return are, allowed a credit for the elderly or individuals with a total disability under Section 22 of the Internal Revenue Code, the county taxpayer is, or the county taxpayer and the taxpayer's spouse are, entitled to a credit against the taxpayer's or the taxpayer's and the taxpayer's spouse's county adjusted gross income tax liability for that same taxable year. The amount of the credit equals the lesser of:

(1) the product of:

(A) the taxpayer's or the taxpayer's and the taxpayer's spouse's credit for the elderly or individuals with a total disability for that same taxable year; multiplied by

(B) a fraction, the numerator of which is the county adjusted gross income tax rate imposed against the county taxpayer, or the county taxpayer and the taxpayer's spouse, and the denominator of which is fifteen hundredths (0.15); or

(2) the amount of county adjusted gross income tax imposed on the county taxpayer, or the county taxpayer and the taxpayer's spouse.

(b) If a county taxpayer and the taxpayer's spouse file a joint return and are subject to different county adjusted gross income tax rates for the same taxable year, they shall compute the credit under this section by using the formula provided by subsection (a), except that they shall use the average of the two (2) county adjusted gross income tax rates imposed against them as the numerator referred to in subsection (a)(1)(B).

Calculation of certified distribution; summary of calculation; notice to county auditor; notice to taxing units

Note: This version of section effective until 1-1-2017. See also following repeal of this chapter, effective 1-1-2017.

Sec. 9. (a) Revenue derived from the imposition of the county adjusted gross income tax shall, in the manner prescribed by this section, be distributed to the county that imposed it. The amount to be distributed to a county during an ensuing calendar year equals the amount of county adjusted gross income tax revenue that the budget agency determines has been:

- (1) received from that county for a taxable year ending before the calendar year in which the determination is made; and
- (2) reported on an annual return or amended return processed by the department in the state fiscal year ending before July 1 of the calendar year in which the determination is made;

as adjusted for refunds of county adjusted gross income tax made in the state fiscal year.

(b) Before August 2 of each calendar year, the budget agency shall provide to the county auditor of each adopting county an estimate of the amount determined under subsection (a) that will be distributed to the county, based on known tax rates. Not later than thirty (30) days after receiving the estimate of the certified distribution, the county auditor shall notify each taxing unit of the estimated amount of property tax replacement credits, certified shares, and other

revenue that will be distributed to the taxing unit under this chapter during the ensuing calendar year. Before October 1 of each calendar year, the budget agency shall certify to the county auditor of each adopting county the amount determined under subsection (a) plus the amount of interest in the county's account that has accrued and has not been included in a certification made in a preceding year. The amount certified is the county's "certified distribution" for the immediately succeeding calendar year. The amount certified shall be adjusted under subsections (c), (d), (e), (f), and (g). Not later than thirty (30) days after receiving the notice of the amount of the certified distribution, the county auditor shall notify each taxing unit of the amount of property tax replacement credits, certified shares, and other revenue that will be distributed to the taxing unit under this chapter during the ensuing calendar year. The budget agency shall provide the county council with an informative summary of the calculations used to determine the certified distribution. The summary of calculations must include:

- (1) the amount reported on individual income tax returns processed by the department during the previous fiscal year;
- (2) adjustments for over distributions in prior years;
- (3) adjustments for clerical or mathematical errors in prior years;
- (4) adjustments for tax rate changes; and
- (5) the amount of excess account balances to be distributed under IC 6-3.5-1.1-21.1.

The budget agency shall also certify information concerning the part of the certified distribution that is attributable to a tax rate under section 24, 25, or 26 of this chapter. This information must be certified to the county auditor, the department, and the department of local government finance before October 1 of each calendar year. The part of the certified distribution that is attributable to a tax rate under section 24, 25, or 26 of this chapter may be used only as specified in those provisions.

(c) The budget agency shall certify an amount less than the amount determined under subsection (b) if the budget agency determines that the reduced distribution is necessary to offset overpayments made in a calendar year before the calendar year of the distribution. The budget agency may reduce the amount of the certified distribution over several calendar years so that any overpayments are offset over several years rather than in one (1) lump sum.

(d) The budget agency shall adjust the certified distribution of a county to correct for any clerical or mathematical errors made in any previous certification under this section. The budget agency may reduce the amount of the certified distribution over several calendar years so that any adjustment under this subsection is offset over several years rather than in one (1) lump sum.

(e) This subsection applies to a county that initially imposes, increases, decreases, or rescinds a tax or tax rate under this chapter

before November 1 in the same calendar year in which the budget agency makes a certification under this section. The budget agency shall adjust the certified distribution of a county to provide for a distribution in the immediately following calendar year and in each calendar year thereafter. The budget agency shall provide for a full transition to certification of distributions as provided in subsection (a)(1) through (a)(2) in the manner provided in subsection (c). If the county imposes, increases, decreases, or rescinds a tax or tax rate under this chapter after the date for which a certification under subsection (b) is based, the budget agency shall adjust the certified distribution of the county after September 30 of the calendar year. The adjustment shall reflect any other adjustment required under subsections (c), (d), (f), and (g). The adjusted certification shall be treated as the county's "certified distribution" for the immediately succeeding calendar year. The budget agency shall certify the adjusted certified distribution to the county auditor for the county and provide the county council with an informative summary of the calculations that revises the informative summary provided in subsection (b) and reflects the changes made in the adjustment.

(f) The budget agency shall adjust the certified distribution of a county to provide the county with the distribution required under section 3.3 of this chapter beginning not later than the tenth month after the month in which additional revenue from the tax authorized under section 3.3 of this chapter is initially collected.

(g) This subsection applies in the year in which a county initially imposes a tax rate under section 24 of this chapter. Notwithstanding any other provision, the budget agency shall adjust the part of the county's certified distribution that is attributable to the tax rate under section 24 of this chapter to provide for a distribution in the immediately following calendar year equal to the result of:

- (1) the sum of the amounts determined under STEP ONE through STEP FOUR of IC 6-3.5-1.5-1(b) in the year in which the county initially imposes a tax rate under section 24 of this chapter; multiplied by
- (2) two (2).

(h) The budget agency shall before May 1 of every odd-numbered year publish an estimate of the statewide total amount of certified distributions to be made under this chapter during the following two (2) calendar years.

(i) The budget agency shall before May 1 of every even-numbered year publish an estimate of the statewide total amount of certified distributions to be made under this chapter during the following calendar year.

(j) The estimates under subsections (h) and (i) must specify the amount of the estimated certified distributions that are attributable to the additional rate authorized under section 24 of this chapter, the additional rate authorized under section 25 of this chapter, the additional rate authorized under section 26 of this chapter, and any other additional rates authorized under this chapter.

(b) Before August 10 of each calendar year, each county auditor shall determine the part of the certified distribution for the next succeeding calendar year that will be allocated as property tax replacement credits and the part that will be allocated as certified shares. The percentage of a certified distribution that will be allocated as property tax replacement credits or as certified shares depends upon the county adjusted gross income tax rate for resident county taxpayers in effect on December 1 of the calendar year that precedes the year in which the certified distribution will be received by two (2) years. The percentages are set forth in the following table:

Sec. 11.5. (a) The county auditor shall timely distribute the part of the certified distribution received under section 10 of this chapter that constitutes property tax replacement credits to each civil taxing unit and school corporation that is a recipient of property tax replacement credits as provided by sections 12, 13, and 14 of this chapter.

(b) The county auditor shall timely distribute the part of a certified distribution received under section 10 of this chapter that constitutes certified shares to each civil taxing unit that is a recipient of certified shares as provided by section 15 of this chapter.

(c) A distribution is considered to be timely made if the distribution is made not later than ten (10) working days after the date the county treasurer receives the county's certified distribution under section 10 of this chapter.

Allocation of property tax replacement credits; amount; formula; certification

Note: This version of section effective until 1-1-2017. See also following repeal of this chapter, effective 1-1-2017.

Sec. 12. (a) The part of a county's certified distribution for a calendar year that is to be used as property tax replacement credits shall be allocated by the county auditor among the civil taxing units and school corporations of the county.

(b) Except as provided in section 13 of this chapter, the amount of property tax replacement credits that each civil taxing unit and school corporation in a county is entitled to receive during a calendar year equals the product of:

(1) that part of the county's certified distribution that is dedicated to providing property tax replacement credits for that same calendar year; multiplied by

(2) a fraction:

(A) The numerator of the fraction equals the allocation amount for the civil taxing unit or school corporation during that calendar year.

(B) The denominator of the fraction equals the sum of the allocation amounts for all the civil taxing units and school corporations of the county for that calendar year.

(c) The department of local government finance shall provide each

county auditor with the amount of property tax replacement credits that each civil taxing unit and school corporation in the auditor's county is entitled to receive under this section. The county auditor shall then certify to each civil taxing unit and school corporation the amount of property tax replacement credits it is entitled to receive (after adjustment made under section 13 of this chapter) under this section during that calendar year. The county auditor shall also certify these distributions to the county treasurer.

IC 6-3.5-1.1-13 Version a

Allocation of replacement credits; tax levy not due in same year as credit distribution; amount; formula; adjustments

Note: This version of section effective until 1-1-2017. See also following repeal of this chapter, effective 1-1-2017.

Sec. 13. (a) If a civil taxing unit or school corporation of an adopting county does not impose a property tax levy that is first due and payable in a calendar year in which property tax replacement credits are being distributed, that civil taxing unit or school corporation is entitled to receive a proportion of the property tax replacement credits to be distributed within the county. The amount such a civil taxing unit or school corporation is entitled to receive during that calendar year equals the product of:

(1) the part of the county's certified distribution that is to be used to provide property tax replacement credits during that calendar year; multiplied by

(2) a fraction:

(A) The numerator of the fraction equals the budget of that civil taxing unit or school corporation for that calendar year.

(B) The denominator of the fraction equals the aggregate budgets of all civil taxing units and school corporations of that county for that calendar year.

(b) If for a calendar year a civil taxing unit or school corporation is allocated a proportion of a county's property tax replacement credits by this section then the formula used in section 12 of this chapter to determine all other civil taxing units' and school corporations' property tax replacement credits shall be changed for that same year by reducing the amount dedicated to providing property tax replacement credits by the amount of property tax replacement credits allocated under this section for that same calendar year. The department of local government finance shall make any adjustments required by this section and provide them to the appropriate county auditors.

As added by P.L.73-1983, SEC.2. Amended by P.L.90-2002, SEC.294.

IC 6-3.5-1.1-14 Version a

Replacement credits; determination limited; multiple county taxing

units; effect upon budget, property tax rates, and school funds

Note: This version of section effective until 1-1-2017. See also following repeal of this chapter, effective 1-1-2017.

Sec. 14. (a) In determining the amount of property tax replacement credits civil taxing units and school corporations of a county are entitled to receive during a calendar year, the department of local government finance shall consider only property taxes imposed on tangible property that was assessed in that county.

(b) If a civil taxing unit or a school corporation is located in more than one (1) county and receives property tax replacement credits from one (1) or more of the counties, then the property tax replacement credits received from each county shall be used only to reduce the property tax rates that are imposed within the county that distributed the property tax replacement credits.

(c) A civil taxing unit shall treat any property tax replacement credits that it receives or is to receive during a particular calendar year as a part of its property tax levy for that same calendar year for purposes of fixing its budget and for purposes of the property tax levy limits imposed by IC 6-1.1-18.5.

(d) Subject to subsection (e), if a civil taxing unit or school corporation of an adopting county does not impose a property tax levy that is first due and payable in a calendar year in which property tax replacement credits are being distributed, the civil taxing unit or school corporation is entitled to use the property tax replacement credits distributed to the civil taxing unit or school corporation for any purpose for which a property tax levy could be used.

(e) A school corporation shall treat any property tax replacement credits that the school corporation receives or is to receive during a particular calendar year as a part of its property tax levy for its debt service fund, capital projects fund, transportation fund, and school bus replacement fund in proportion to the levy for each of these funds for that same calendar year for purposes of fixing its budget. A school corporation shall allocate the property tax replacement credits described in this subsection to all four (4) funds in proportion to the levy for each fund.

IC 6-3.5-1.1-15 Version a

Attributed allocation amount; allocation of certified shares

Note: This version of section effective until 1-1-2017. See also following repeal of this chapter, effective 1-1-2017.

Sec. 15. (a) As used in this section, "attributed allocation amount" of a civil taxing unit for a calendar year means the sum of:

- (1) the allocation amount of the civil taxing unit for that calendar year; plus
- (2) the current ad valorem property tax levy of any special taxing district, authority, board, or other entity formed to

discharge governmental services or functions on behalf of or ordinarily attributable to the civil taxing unit; plus

(3) in the case of a county, an amount equal to the welfare allocation amount.

The welfare allocation amount is an amount equal to the sum of the property taxes imposed by the county in 1999 for the county's welfare fund and welfare administration fund and, if the county received a certified distribution under this chapter or IC 6-3.5-6 in 2008, the property taxes imposed by the county in 2008 for the county's county medical assistance to wards fund, family and children's fund, children's psychiatric residential treatment services fund, county hospital care for the indigent fund and children with special health care needs county fund.

(b) The part of a county's certified distribution that is to be used as certified shares shall be allocated only among the county's civil taxing units. Each civil taxing unit of a county is entitled to receive a certified share during a calendar year in an amount determined in STEP TWO of the following formula:

STEP ONE: Divide:

(A) the attributed allocation amount of the civil taxing unit during that calendar year; by

(B) the sum of the attributed allocation amounts of all the civil taxing units of the county during that calendar year.

STEP TWO: Multiply the part of the county's certified distribution that is to be used as certified shares by the STEP ONE amount.

(c) The department of local government finance shall determine the attributed levies of civil taxing units that are entitled to receive certified shares during a calendar year. If the ad valorem property tax levy of any special taxing district, authority, board, or other entity is attributed to another civil taxing unit under subsection (a)(2), then the special taxing district, authority, board, or other entity shall not be treated as having an attributed allocation amount of its own. The department of local government finance shall certify the attributed allocation amounts to the appropriate county auditor. The county auditor shall then allocate the certified shares among the civil taxing units of the auditor's county.

(d) Certified shares received by a civil taxing unit shall be treated as additional revenue for the purpose of fixing its budget for the calendar year during which the certified shares will be received. The certified shares may be allocated to or appropriated for any purpose, including property tax relief or a transfer of funds to another civil taxing unit whose levy was attributed to the civil taxing unit in the determination of its attributed allocation amount.

(b) The residence or principal place of business or employment of an individual is to be determined on January 1 of the calendar year in which the individual's taxable year commences. If an individual changes the location of his residence or principal place of employment or business to another county in Indiana during a calendar year, his liability for county adjusted gross income tax is not affected.

(c) Notwithstanding subsection (b), if an individual becomes a county taxpayer for purposes of IC 36-7-27 during a calendar year because the individual:

- (1) changes the location of the individual's residence to a county in which the individual begins employment or business at a qualified economic development tax project (as defined in IC 36-7-27-9); or
- (2) changes the location of the individual's principal place of employment or business to a qualified economic development tax project and does not reside in another county in which the county adjusted gross income tax is in effect;

the individual's adjusted gross income attributable to employment or business at the qualified economic development tax project is taxable only by the county containing the qualified economic development tax project.

(B) the tax rate currently in effect in the county under this section.

The tax rate under this subdivision continues in effect in later years unless the tax rate is increased under this section.

(1) the quotient of:

(A) the part of the amount determined under STEP ONE of IC 6-3.5-1.5-1(b) in the preceding year that was attributable to the civil taxing unit; divided by

(B) the STEP ONE amount; multiplied by

STEP THREE: For distributions in 2009 and thereafter, the

result of this STEP is zero (0). For distribution to the county for deposit in the county family and children's fund before 2009, determine the result of:

- (1) the quotient of:
 - (A) the amount determined under STEP TWO of IC 6-3.5-1.5-1(b) in the preceding year; divided by
 - (B) the STEP ONE amount; multiplied by
- (2) the tax revenue received by the county treasurer under this section.

STEP FOUR: For distributions in 2009 and thereafter, the result of this STEP is zero (0). For distribution to the county for deposit in the county children's psychiatric residential treatment services fund before 2009, determine the result of:

- (1) the quotient of:
 - (A) the amount determined under STEP THREE of IC 6-3.5-1.5-1(b) in the preceding year; divided by
 - (B) the STEP ONE amount; multiplied by
- (2) the tax revenue received by the county treasurer under this section.

STEP FIVE: For distribution to the county for community mental health center purposes, determine the result of:

- (1) the quotient of:
 - (A) the amount determined under STEP FOUR of IC 6-3.5-1.5-1(b) in the preceding year; divided by
 - (B) the STEP ONE amount; multiplied by
- (2) the tax revenue received by the county treasurer under this section.

Except as provided in subsection (m), the county treasurer shall distribute the portion of the certified distribution that is attributable to a tax rate under this section as specified in this section. The county treasurer shall make the distributions under this subsection at the same time that distributions are made to civil taxing units under section 15 of this chapter.

(h) Notwithstanding sections 3.1 and 4 of this chapter, a county council may not decrease or rescind a tax rate imposed under this section.

(i) The tax rate under this section shall not be considered for purposes of computing:

- (1) the maximum income tax rate that may be imposed in a county under section 2 of this chapter or any other provision of this chapter; or
- (2) the maximum permissible property tax levy under IC 6-1.1-18.5-3.

(j) The tax levy under this section shall not be considered for purposes of the credit under IC 6-1.1-20.6.

(k) Except as provided in subsections (s) and (t), a distribution under this section shall be treated as a part of the receiving civil taxing unit's property tax levy for that year for purposes of fixing the budget of the civil taxing unit and for determining the distribution of

taxes that are distributed on the basis of property tax levies.

(l) If a county council imposes a tax rate under this section (other than a tax rate imposed under subsection (s)), the portion of county adjusted gross income tax revenue dedicated to property tax replacement credits under section 11 of this chapter may not be decreased.

(m) In the year following the year in which a county first imposes a tax rate under this section, one-half (1/2) of the tax revenue that is attributable to the tax rate under this section (other than a tax rate imposed under subsection (s)) must be deposited in the county stabilization fund established under subsection (o).

(n) Except as provided in subsection (t) and IC 8-25, a pledge of county adjusted gross income taxes does not apply to revenue attributable to a tax rate under this section.

(o) Except as provided in subsection (t), a county stabilization fund is established in each county that imposes a tax rate under this section. The county stabilization fund shall be administered by the county auditor. If for a year the certified distributions attributable to a tax rate under this section exceed the amount calculated under STEP ONE through STEP FOUR of IC 6-3.5-1.5-1(b) that is used by the department of local government finance and the department of state revenue to determine the tax rate under this section, the excess shall be deposited in the county stabilization fund. Money shall be distributed from the county stabilization fund in a year by the county auditor to political subdivisions entitled to a distribution of tax revenue attributable to the tax rate under this section if:

(1) the certified distributions attributable to a tax rate under this section are less than the amount calculated under STEP ONE through STEP FOUR of IC 6-3.5-1.5-1(b) that is used by the department of local government finance and the department of state revenue to determine the tax rate under this section for a year; or

(2) the certified distributions attributable to a tax rate under this section in a year are less than the certified distributions attributable to a tax rate under this section in the preceding year.

However, subdivision (2) does not apply to the year following the first year in which certified distributions of revenue attributable to the tax rate under this section are distributed to the county.

(p) Notwithstanding any other provision, a tax rate imposed under this section may not exceed one percent (1%).

(q) A county council must each year hold at least one (1) public meeting at which the county council discusses whether the tax rate under this section should be imposed or increased.

(r) The department of local government finance and the department of state revenue may take any actions necessary to carry out the purposes of this section.

(s) This subsection applies only to Hancock County and Johnson County. If the voters of the county approve a local public question under IC 8-25-2, the fiscal body of the county may adopt an

ordinance to provide for the use of county adjusted gross income tax revenues attributable to an additional tax rate imposed under this subsection to fund a public transportation project under IC 8-25. However, a county fiscal body shall adopt an ordinance under this subsection if required by IC 8-25-6-10 to impose an additional tax rate on the county taxpayers who reside in a township in which the voters approve a public transportation project in a local public question held under IC 8-25-6. An ordinance adopted under this subsection must specify an additional tax rate to be imposed in the county (or township in the case of an additional rate required by IC 8-25-6-10) of at least one-tenth percent (0.1%), but not more than twenty-five hundredths percent (0.25%). If an ordinance is adopted under this subsection, the amount of the certified distribution attributable to the additional tax rate imposed under this subsection must be:

- (1) retained by the county auditor;
- (2) deposited in the public transportation project fund established under IC 8-25-3-7; and
- (3) used for the purpose provided in this subsection instead of as a property tax replacement distribution.

(t) The following do not apply to an additional tax rate imposed under subsection (s):

- (1) Subsection (e).
- (2) Subsection (f).
- (3) Subsection (g).
- (4) Subsection (k).
- (5) Subsection (n).
- (6) Subsection (o).

IC 6-3.5-1.1-25 Version a **Rate for public safety**

Note: This version of section effective until 1-1-2017. See also following repeal of this chapter, effective 1-1-2017.

Sec. 25. (a) As used in this section, "public safety" refers to the following:

- (1) A police and law enforcement system to preserve public peace and order.
- (2) A firefighting and fire prevention system.
- (3) Emergency ambulance services (as defined in IC 16-18-2-107).
- (4) Emergency medical services (as defined in IC 16-18-2-110).
- (5) Emergency action (as defined in IC 13-11-2-65).
- (6) A probation department of a court.
- (7) Confinement, supervision, services under a community corrections program (as defined in IC 35-38-2.6-2), or other

correctional services for a person who has been:

- (A) diverted before a final hearing or trial under an agreement that is between the county prosecuting attorney and the person or the person's custodian, guardian, or parent and that provides for confinement, supervision, community corrections services, or other correctional services instead of a final action described in clause (B) or (C);
- (B) convicted of a crime; or
- (C) adjudicated as a delinquent child or a child in need of services.

(8) A juvenile detention facility under IC 31-31-8.

(9) A juvenile detention center under IC 31-31-9.

(10) A county jail.

(11) A communications system (as defined in IC 36-8-15-3), an enhanced emergency telephone system (as defined in IC 36-8-16-2 (before its repeal on July 1, 2012)), or the statewide 911 system (as defined in IC 36-8-16.7-22).

(12) Medical and health expenses for jail inmates and other confined persons.

(13) Pension payments for any of the following:

(A) A member of the fire department (as defined in IC 36-8-1-8) or any other employee of a fire department.

(B) A member of the police department (as defined in IC 36-8-1-9), a police chief hired under a waiver under IC 36-8-4-6.5, or any other employee hired by a police department.

(C) A county sheriff or any other member of the office of the county sheriff.

(D) Other personnel employed to provide a service described in this section.

(b) A county council may adopt an ordinance to impose an additional tax rate under this section to provide funding for public safety. However, in a county in which a historic hotel district (as defined in IC 4-33-2-11.5) is located, a county council may impose a tax rate under this section to provide funding for public safety without imposing a tax rate under section 24 or 26 of this chapter.

(c) A tax rate under this section may not exceed twenty-five hundredths of one percent (0.25%).

(d) If a county council adopts an ordinance to impose a tax rate under this section, not more than ten (10) days after the vote, the county auditor shall send a certified copy of the ordinance to the commissioner of the department, the director of the budget agency, and the commissioner of the department of local government finance in an electronic format approved by the director of the budget agency.

(e) A tax rate under this section is in addition to any other tax rates imposed under this chapter and does not affect the purposes for which other tax revenue under this chapter may be used.

(f) Except as provided in subsections (k), (l), (m), and (n), the county auditor shall distribute the portion of the certified distribution

that is attributable to a tax rate under this section to the county and to each municipality in the county that is carrying out or providing at least one (1) of the public safety purposes described in subsection (a). The amount that shall be distributed to the county or municipality is equal to the result of:

- (1) the portion of the certified distribution that is attributable to a tax rate under this section; multiplied by
- (2) a fraction equal to:
 - (A) the attributed allocation amount (as defined in IC 6-3.5-1.1-15) of the county or municipality for the calendar year; divided by
 - (B) the sum of the attributed allocation amounts of the county and each municipality in the county that is entitled to a distribution under this section for the calendar year.

The county auditor shall make the distributions required by this subsection not more than thirty (30) days after receiving the portion of the certified distribution that is attributable to a tax rate under this section. Tax revenue distributed to a county or municipality under this subsection must be deposited into a separate account or fund and may be appropriated by the county or municipality only for public safety purposes.

(g) The department of local government finance may not require a county or municipality receiving tax revenue under this section to reduce the county's or municipality's property tax levy for a particular year on account of the county's or municipality's receipt of the tax revenue.

(h) The tax rate under this section and the tax revenue attributable to the tax rate under this section shall not be considered for purposes of computing:

- (1) the maximum income tax rate that may be imposed in a county under section 2 of this chapter or any other provision of this chapter;
- (2) the maximum permissible property tax levy under IC 6-1.1-18.5-3; or
- (3) the credit under IC 6-1.1-20.6.

(i) The tax rate under this section may be imposed or rescinded at the same time and in the same manner that the county may impose or increase a tax rate under section 24 of this chapter.

(j) The department of local government finance and the department of state revenue may take any actions necessary to carry out the purposes of this section.

(k) Two (2) or more political subdivisions that are entitled to receive a distribution under this section may adopt resolutions providing that some part or all of those distributions shall instead be paid to one (1) political subdivision in the county to carry out specific public safety purposes specified in the resolutions.

(l) A fire department, volunteer fire department, or emergency medical services provider that:

- (1) provides fire protection or emergency medical services

within the county; and

(2) is operated by or serves a political subdivision that is not otherwise entitled to receive a distribution of tax revenue under this section;

may before July 1 of a year apply to the county council for a distribution of tax revenue under this section during the following calendar year. The county council shall review an application submitted under this subsection and may before September 1 of a year adopt a resolution requiring that one (1) or more of the applicants shall receive a specified amount of the tax revenue to be distributed under this section during the following calendar year. A resolution approved under this subsection providing for a distribution to one (1) or more fire departments, volunteer fire departments, or emergency medical services providers applies only to distributions in the following calendar year. Any amount of tax revenue distributed under this subsection to a fire department, volunteer fire department, or emergency medical services provider shall be distributed before the remainder of the tax revenue is distributed under subsection (f).

(m) This subsection applies to a county in which a tax rate under this section is not in effect on July 1, 2015. The county council may adopt a resolution providing that up to one hundred percent (100%) of the tax revenue to be distributed under this section shall be dedicated to a PSAP (as defined in IC 36-8-16.7-20) that is part of the statewide 911 system (as defined in IC 36-8-16.7-22) and contained in the county. Any amount of tax revenue dedicated to a PSAP under this subsection shall be distributed before the remainder of the tax revenue is distributed under this section.

(n) This subsection applies to a county in which a tax rate under this section is in effect on July 1, 2015. If the tax rate under this section is increased after July 1, 2015, the county council may adopt a resolution providing that up to one hundred percent (100%) of the tax revenue derived from the part of the tax rate under this section that exceeds the tax rate in effect on July 1, 2015, shall be dedicated to a PSAP (as defined in IC 36-8-16.7-20) that is part of the statewide 911 system (as defined in IC 36-8-16.7-22) and contained in the county. Any amount of tax revenue dedicated to a PSAP under this subsection shall be distributed before the remainder of the tax revenue is distributed under this section.

IC 6-3.5-1.1-26 Version a
Rate for property tax relief

Note: This version of section effective until 1-1-2017. See also following repeal of this chapter, effective 1-1-2017.

Sec. 26. (a) A county council may impose a tax rate under this section to provide property tax relief to taxpayers in the county. A

county council is not required to impose any other tax before imposing a tax rate under this section.

(b) A tax rate under this section may be imposed in increments of five hundredths of one percent (0.05%) determined by the county council. A tax rate under this section may not exceed one percent (1%).

(c) A tax rate under this section is in addition to any other tax rates imposed under this chapter and does not affect the purposes for which other tax revenue under this chapter may be used.

(d) If a county council adopts an ordinance to impose or increase a tax rate under this section, not more than ten (10) days after the vote, the county auditor shall send a certified copy of the ordinance to the commissioner of the department, the director of the budget agency, and the commissioner of the department of local government finance in an electronic format approved by the director of the budget agency.

(e) A tax rate under this section may be imposed, increased, decreased, or rescinded by a county council at the same time and in the same manner that the county council may impose or increase a tax rate under section 24 of this chapter.

(f) Tax revenue attributable to a tax rate under this section may be used for any combination of the following purposes, as specified by ordinance of the county council:

(1) Except as provided in subsection (j), the tax revenue may be used to provide local property tax replacement credits at a uniform rate to all taxpayers in the county. The local property tax replacement credits shall be treated for all purposes as property tax levies. The county auditor shall determine the local property tax replacement credit percentage for a particular year based on the amount of tax revenue that will be used under this subdivision to provide local property tax replacement credits in that year. A county council may not adopt an ordinance determining that tax revenue shall be used under this subdivision to provide local property tax replacement credits at a uniform rate to all taxpayers in the county unless the county council has done the following:

(A) Made available to the public the county council's best estimate of the amount of property tax replacement credits to be provided under this subdivision to homesteads, other residential property, commercial property, industrial property, and agricultural property.

(B) Adopted a resolution or other statement acknowledging that some taxpayers in the county that do not pay the tax rate under this section will receive a property tax replacement credit that is funded with tax revenue from the tax rate under this section.

(2) The tax revenue may be used to uniformly provide the homestead credit percentage in the county. The homestead credits shall be treated for all purposes as property tax levies.

The homestead credits do not reduce the basis for determining any state homestead credit. The homestead credits shall be applied to the net property taxes due on the homestead after the application of all other assessed value deductions or property tax deductions and credits that apply to the amount owed under IC 6-1.1. The county auditor shall determine the homestead credit percentage for a particular year based on the amount of tax revenue that will be used under this subdivision to provide homestead credits in that year.

(3) The tax revenue may be used to provide local property tax replacement credits at a uniform rate for all qualified residential property (as defined in IC 6-1.1-20.6-4 before January 1, 2009, and as defined in section 1 of this chapter after December 31, 2008) in the county. The local property tax replacement credits shall be treated for all purposes as property tax levies. The county auditor shall determine the local property tax replacement credit percentage for a particular year based on the amount of tax revenue that will be used under this subdivision to provide local property tax replacement credits in that year.

(4) This subdivision applies only to Lake County. The Lake County council may adopt an ordinance providing that the tax revenue from the tax rate under this section is used for any of the following:

(A) To reduce all property tax levies imposed by the county by the granting of property tax replacement credits against those property tax levies.

(B) To provide local property tax replacement credits in Lake County in the following manner:

(i) The tax revenue under this section that is collected from taxpayers within a particular municipality in Lake County (as determined by the department based on the department's best estimate) shall be used only to provide a local property tax credit against property taxes imposed by that municipality.

(ii) The tax revenue under this section that is collected from taxpayers within the unincorporated area of Lake County (as determined by the department) shall be used only to provide a local property tax credit against property taxes imposed by the county. The local property tax credit for the unincorporated area of Lake County shall be available only to those taxpayers within the unincorporated area of the county.

(C) To provide property tax credits in the following manner:

(i) Sixty percent (60%) of the tax revenue under this section shall be used as provided in clause (B).

(ii) Forty percent (40%) of the tax revenue under this section shall be used to provide property tax replacement credits against property tax levies of the county and each township and municipality in the county. The percentage

of the tax revenue distributed under this item that shall be used as credits against the county's levies or against a particular township's or municipality's levies is equal to the percentage determined by dividing the population of the county, township, or municipality by the sum of the total population of the county, each township in the county, and each municipality in the county.

The Lake County council shall determine whether the credits under clause (A), (B), or (C) shall be provided to homesteads, to all qualified residential property, or to all taxpayers. The department of local government finance, with the assistance of the budget agency, shall certify to the county auditor and the fiscal body of the county and each township and municipality in the county the amount of property tax credits under this subdivision. Except as provided in subsection (g), the tax revenue under this section that is used to provide credits under this subdivision shall be treated for all purposes as property tax levies.

The county council may adopt an ordinance changing the purposes for which tax revenue attributable to a tax rate under this section shall be used in the following year.

(g) The tax rate under this section and the tax revenue attributable to the tax rate under this section shall not be considered for purposes of computing:

- (1) the maximum income tax rate that may be imposed in a county under section 2 of this chapter or any other provision of this chapter;
- (2) the maximum permissible property tax levy under IC 6-1.1-18.5-3; or
- (3) the credit under IC 6-1.1-20.6.

(h) Tax revenue under this section shall be treated as a part of the receiving civil taxing unit's or school corporation's property tax levy for that year for purposes of fixing the budget of the civil taxing unit or school corporation and for determining the distribution of taxes that are distributed on the basis of property tax levies. To the extent the county auditor determines that there is income tax revenue remaining from the tax under this section after providing the property tax replacement credits, the excess shall be credited to a dedicated county account and may be used only for property tax replacement credits under this section in subsequent years.

(i) The department of local government finance and the department of state revenue may take any actions necessary to carry out the purposes of this section.

(j) A taxpayer that owns an industrial plant located in Jasper County is ineligible for a local property tax replacement credit under this section against the property taxes due on the industrial plant if the assessed value of the industrial plant as of March 1, 2006, exceeds twenty percent (20%) of the total assessed value of all taxable property in the county on that date. The general assembly

finds that the provisions of this subsection are necessary because the industrial plant represents such a large percentage of Jasper County's assessed valuation.

IC 6-3.5-1.5-1 Version a

Calculation of rate for county adjusted gross income tax or county option income tax

Note: This version of section effective until 1-1-2017. See also following repeal of this chapter, effective 1-1-2017.

Sec. 1. (a) This section does not apply to a tax rate imposed under IC 6-3.5-1.1-24(s) or IC 6-3.5-6-30(t) for a public transportation project authorized under IC 8-25.

(b) The department of local government finance and the budget agency shall, before September 1 of each year, jointly calculate the county adjusted income tax rate or county option income tax rate (as applicable) that must be imposed in a county to raise income tax revenue in the following year equal to the sum of the following STEPS:

STEP ONE: Determine the greater of zero (0) or the result of:

- (1) the department of local government finance's estimate of the sum of the maximum permissible ad valorem property tax levies calculated under IC 6-1.1-18.5 for all civil taxing units in the county for the ensuing calendar year (before any adjustment under IC 6-1.1-18.5-3(g) or IC 6-1.1-18.5-3(h) for the ensuing calendar year); minus
- (2) the sum of the maximum permissible ad valorem property tax levies calculated under IC 6-1.1-18.5 for all civil taxing units in the county for the current calendar year.

In the case of a civil taxing unit that is located in more than one (1) county, the department of local government finance shall, for purposes of making the determination under this subdivision, apportion the civil taxing unit's maximum permissible ad valorem property tax levy among the counties in which the civil taxing unit is located.

STEP TWO: This STEP applies only to property taxes first due and payable before January 1, 2009. Determine the greater of zero (0) or the result of:

- (1) the department of local government finance's estimate of the family and children property tax levy that will be imposed by the county under IC 12-19-7-4 (before its repeal) for the ensuing calendar year (before any adjustment under IC 12-19-7-4(b) (before its repeal) for the ensuing calendar year); minus
- (2) the county's family and children property tax levy imposed by the county under IC 12-19-7-4 (before its repeal) for the current calendar year.

STEP THREE: This STEP applies only to property taxes first due and payable before January 1, 2009. Determine the greater

of zero (0) or the result of:

(1) the department of local government finance's estimate of the children's psychiatric residential treatment services property tax levy that will be imposed by the county under IC 12-19-7.5-6 (before its repeal) for the ensuing calendar year (before any adjustment under IC 12-19-7.5-6(b) (before its repeal) for the ensuing calendar year); minus

(2) the children's psychiatric residential treatment services property tax imposed by the county under IC 12-19-7.5-6 (before its repeal) for the current calendar year.

STEP FOUR: Determine the greater of zero (0) or the result of:

(1) the department of local government finance's estimate of the county's maximum community mental health centers property tax levy under IC 12-29-2-2 for the ensuing calendar year (before any adjustment under IC 12-29-2-2(c) for the ensuing calendar year); minus

(2) the county's maximum community mental health centers property tax levy under IC 12-29-2-2 for the current calendar year.

(c) In the case of a county that wishes to impose a tax rate under IC 6-3.5-1.1-24 or IC 6-3.5-6-30 (as applicable) for the first time, the department of local government finance and the budget agency shall jointly estimate the amount that will be calculated under subsection (a) in the second year after the tax rate is first imposed. The department of local government finance and the budget agency shall calculate the tax rate under IC 6-3.5-1.1-24 or IC 6-3.5-6-30 (as applicable) that must be imposed in the county in the second year after the tax rate is first imposed to raise income tax revenue equal to the estimate under this subsection.

(d) The budget agency and the department of local government finance shall make the calculations under subsections (b) and (c) based on the best information available at the time the calculation is made.

IC 6-3.5-6-1.1 Version a Determination of allocation amount

Note: This version of section effective until 1-1-2017. See also following repeal of this chapter, effective 1-1-2017.

Sec. 1.1. (a) For purposes of allocating the certified distribution made to a county under this chapter among the civil taxing units in the county, the allocation amount for a civil taxing unit is the amount determined using the following formula:

STEP ONE: Determine the total property taxes that are first due and payable to the civil taxing unit during the calendar year of the distribution plus, for a county, an amount equal to the welfare allocation amount.

STEP TWO: Determine the sum of the following:

- (A) Amounts appropriated from property taxes to pay the principal of or interest on any debenture or other debt obligation issued after June 30, 2005, other than an obligation described in subsection (b).
- (B) Amounts appropriated from property taxes to make payments on any lease entered into after June 30, 2005, other than a lease described in subsection (c).
- (C) The proceeds of any property that are:
 - (i) received as the result of the issuance of a debt obligation described in clause (A) or a lease described in

clause (B); and

(ii) appropriated from property taxes for any purpose other than to refund or otherwise refinance a debt obligation or lease described in subsection (b) or (c).

STEP THREE: Subtract the STEP TWO amount from the STEP ONE amount.

STEP FOUR: Determine the sum of:

(A) the STEP THREE amount; plus

(B) the civil taxing unit or school corporation's certified distribution for the previous calendar year.

The allocation amount is subject to adjustment as provided in IC 36-8-19-7.5. The welfare allocation amount is an amount equal to the sum of the property taxes imposed by the county in 1999 for the county's welfare fund and welfare administration fund and, if the county received a certified distribution under IC 6-3.5-1.1 or this chapter in 2008, the property taxes imposed by the county in 2008 for the county's county medical assistance to wards fund, family and children's fund, children's psychiatric residential treatment services fund, county hospital care for the indigent fund, and children with special health care needs county fund.

(b) Except as provided in this subsection, an appropriation from property taxes to repay interest and principal of a debt obligation is not deducted from the allocation amount for a civil taxing unit if:

(1) the debt obligation was issued; and

(2) the proceeds appropriated from property taxes;

to refund or otherwise refinance a debt obligation or a lease issued before July 1, 2005. However, an appropriation from property taxes related to a debt obligation issued after June 30, 2005, is deducted if the debt extends payments on a debt or lease beyond the time in which the debt or lease would have been payable if the debt or lease had not been refinanced or increases the total amount that must be paid on a debt or lease in excess of the amount that would have been paid if the debt or lease had not been refinanced. The amount of the deduction is the annual amount for each year of the extension period or the annual amount of the increase over the amount that would have been paid.

(c) Except as provided in this subsection, an appropriation from property taxes to make payments on a lease is not deducted from the allocation amount for a civil taxing unit if:

(1) the lease was issued; and

(2) the proceeds were appropriated from property taxes;

to refinance a debt obligation or lease issued before July 1, 2005. However, an appropriation from property taxes related to a lease entered into after June 30, 2005, is deducted if the lease extends payments on a debt or lease beyond the time in which the debt or lease would have been payable if it had not been refinanced or increases the total amount that must be paid on a debt or lease in excess of the amount that would have been paid if the debt or lease had not been refinanced. The amount of the deduction is the annual

amount for each year of the extension period or the annual amount of the increase over the amount that would have been paid.

Sec. 3. (a) In the case of a city or town that lies within more than one (1) county, the county auditor of each county shall base the allocations required by subsection (b) on the population of that part of the city or town that lies within the county for which the allocations are being made.

(b) Every county income tax council has a total of one hundred

(100) votes. Every member of the county income tax council is allocated a percentage of the total one hundred (100) votes that may be cast. The percentage that a city or town is allocated for a year equals the same percentage that the population of the city or town bears to the population of the county. The percentage that the county is allocated for a year equals the same percentage that the population of all areas in the county not located in a city or town bears to the population of the county. On or before January 1 of each year, the county auditor shall certify to each member of the county income tax council the number of votes, rounded to the nearest one hundredth (0.01), it has for that year.

The auditor of the county shall treat any proposed ordinance presented to the auditor under this section as a casting of all that member's votes in favor of that proposed ordinance. Subject to the limitations of section 6 of this chapter, the auditor of the county shall deliver copies of a proposed ordinance the auditor receives to all members of the county income tax council within ten (10) days after receipt. - (2) withdraw from the membership any other of those types of proposed ordinances.

Any votes subsequently received by the auditor of the county on proposed ordinances of those types during that same year are void.

(b) The county income tax council may not vote on, nor may the auditor of the county distribute to the members of the county income tax council, any proposed ordinance during a year, if previously during that same year the auditor of the county received and distributed to the members of the county income tax council a proposed ordinance whose passage would have substantially the same effect.

(a) The county income tax council of any county in which the county adjusted gross income tax will not be in effect on December 1 of a year under an ordinance adopted during a previous calendar year may impose the county option income tax on the adjusted gross income of county taxpayers of its county.

(b) Except as provided in sections 30, 31, and 32 of this chapter, the county option income tax may initially be imposed at a rate of two-tenths of one percent (0.2%) on the resident county taxpayers of the county and at a rate of five-hundredths of one percent (0.05%) for all other county taxpayers.

(c) To impose the county option income tax, a county income tax council must pass an ordinance. The ordinance must substantially state the following:

The county option income tax is imposed at a rate of two-tenths of one percent (0.2%) on the resident county taxpayers of the county and at a rate of five-hundredths of one percent (0.05%) on all other county taxpayers."

(d) Except as provided in sections 30, 31, and 32 of this chapter, if the county option income tax is imposed on the county taxpayers of a county, then the county option income tax rate that is in effect for resident county taxpayers of that county increases by one-tenth of one percent (0.1%) on each succeeding October 1 until the rate equals six-tenths of one percent (0.6%).

(e) The county option income tax rate in effect for the county taxpayers of a county who are not resident county taxpayers of that county is at all times one-fourth (1/4) of the tax rate imposed upon resident county taxpayers.

(f) The auditor of a county shall record all votes taken on ordinances presented for a vote under this section and, not more than ten (10) days after the vote, send a certified copy of the results to the commissioner of the department, the director of the budget agency, and the commissioner of the department of local government finance in an electronic format approved by the director of the budget agency.

If a county income tax council passes an ordinance under this section, its county option income tax rate for resident county taxpayers increases by one-tenth of one percent (0.1%) in the year in which the ordinance is adopted, as provided in section 1.5 of this chapter, and on each succeeding October 1 until its rate reaches a maximum of one percent (1%), excluding a tax rate imposed under section 30, 31, or 32 of this chapter.

Homestead credit percentage; determination

Note: This version of section effective until 1-1-2017. See also following repeal of this chapter, effective 1-1-2017.

Sec. 13. (a) A county income tax council of a county in which the county option income tax is in effect may adopt an ordinance to provide a homestead credit for homesteads in its county.

(b) A county income tax council may not provide a homestead credit percentage that exceeds the amount determined in the last STEP of the following formula:

STEP ONE: Determine the amount of the sum of all property tax levies for all taxing units in a county which are to be paid in the county in 2003 as reflected by the auditor's abstract for the 2002 assessment year, adjusted, however, for any postabstract adjustments which change the amount of the levies.

STEP TWO: Determine the amount of the county's estimated property tax replacement under IC 6-1.1-21-3(a) (before its repeal) for property taxes first due and payable in 2003.

STEP THREE: Subtract the STEP TWO amount from the STEP ONE amount.

STEP FOUR: Determine the amount of the county's total county levy (as defined in IC 6-1.1-21-2(g) before its repeal) for property taxes first due and payable in 2003.

STEP FIVE: Subtract the STEP FOUR amount from the STEP ONE amount.

STEP SIX: Subtract the STEP FIVE result from the STEP THREE result.

STEP SEVEN: Divide the STEP THREE result by the STEP SIX result.

STEP EIGHT: Multiply the STEP SEVEN result by eight-hundredths (0.08).

STEP NINE: Round the STEP EIGHT product to the nearest one-thousandth (0.001) and express the result as a percentage.

(c) The homestead credit percentage must be uniform for all homesteads in a county.

(d) In the ordinance that establishes the homestead credit percentage, a county income tax council may provide for a series of increases or decreases to take place for each of a group of succeeding calendar years.

(e) Any ordinance adopted under this section for a county is repealed for a year if on January 1 of that year the county option income tax is not in effect.

Taxpayer subject to different tax rates; rate of tax

Sec. 14. If for any taxable year a county taxpayer is subject to different tax rates for the county option income tax imposed by a particular county, the taxpayer's county option income tax rate for that county and that taxable year is the rate determined in the last STEP of the following STEPS:

STEP ONE: For each tax rate in effect in a year, multiply the number of months in the taxpayer's taxable year in which the rate is in effect.

STEP TWO: Divide the sum of the amounts determined under STEP ONE by twelve (12).

Tax not in effect entire taxable year

Note: This version of section effective until 1-1-2017. See also following repeal of this chapter, effective 1-1-2017.

Sec. 15. If the county option income tax is not in effect during a county taxpayer's entire taxable year, the amount of county option income tax that the county taxpayer owes for that taxable year equals the product of:

(1) the amount of county option income tax the county taxpayer would owe if the tax had been imposed during the county taxpayer's entire taxable year; multiplied by

(2) a fraction. The numerator of the fraction equals the number of days in the county taxpayer's taxable year during which the county option income tax was in effect. The denominator of the fraction equals the total number of days in the county taxpayer's taxable year.

However, if the taxpayer files state income tax returns on a calendar year basis, the fraction to be applied under this section is one-half (1/2).

(b) Any income earned on money held in an account under subsection (a) becomes a part of that account.

(c) Any revenue remaining in an account established under subsection (a) at the end of a fiscal year does not revert to the state general fund.

Calculation of certified distribution; summary of calculation; notice to county auditor; notice to taxing units

Note: This version of section effective until 1-1-2017. See also following repeal of this chapter, effective 1-1-2017.

Sec. 17. (a) Revenue derived from the imposition of the county option income tax shall, in the manner prescribed by this section, be distributed to the county that imposed it. The amount that is to be distributed to a county during an ensuing calendar year equals the amount of county option income tax revenue that the budget agency determines has been:

(1) received from that county for a taxable year ending in a calendar year preceding the calendar year in which the determination is made; and

(2) reported on an annual return or amended return processed by the department in the state fiscal year ending before July 1 of the calendar year in which the determination is made;

as adjusted (as determined after review of the recommendation of the budget agency) for refunds of county option income tax made in the state fiscal year.

(b) Before August 2 of each calendar year, the budget agency shall provide to the county auditor of each adopting county an estimate of the amount determined under subsection (a) that will be distributed to the county, based on known tax rates. Not later than thirty (30) days after receiving the estimate of the certified distribution, the county auditor shall notify each taxing unit of the estimated amount of distributive shares and other revenue that will be distributed to the taxing unit under this chapter during the ensuing calendar year. Before October 1 of each calendar year, the budget agency shall certify to the county auditor of each adopting county the amount determined under subsection (a) plus the amount of interest in the county's account that has accrued and has not been included in a certification made in a preceding year. The amount certified is the county's "certified distribution" for the immediately succeeding calendar year. The amount certified shall be adjusted, as necessary, under subsections (c), (d), (e), and (f). Not later than thirty (30) days after receiving the notice of the amount of the certified distribution,

the county auditor shall notify each taxing unit of the amount of distributive shares and other revenue that will be distributed to the taxing unit under this chapter during the ensuing calendar year. The budget agency shall provide the county council with an informative summary of the calculations used to determine the certified distribution. The summary of calculations must include:

- (1) the amount reported on individual income tax returns processed by the department during the previous fiscal year;
- (2) adjustments for over distributions in prior years;
- (3) adjustments for clerical or mathematical errors in prior years;
- (4) adjustments for tax rate changes; and
- (5) the amount of excess account balances to be distributed under IC 6-3.5-6-17.3.

The budget agency shall also certify information concerning the part of the certified distribution that is attributable to a tax rate under section 30, 31, or 32 of this chapter. This information must be certified to the county auditor and to the department of local government finance before October 1 of each calendar year. The part of the certified distribution that is attributable to a tax rate under section 30, 31, or 32 of this chapter may be used only as specified in those provisions.

(c) The budget agency shall certify an amount less than the amount determined under subsection (b) if the budget agency determines that the reduced distribution is necessary to offset overpayments made in a calendar year before the calendar year of the distribution. The budget agency may reduce the amount of the certified distribution over several calendar years so that any overpayments are offset over several years rather than in one (1) lump sum.

(d) The budget agency shall adjust the certified distribution of a county to correct for any clerical or mathematical errors made in any previous certification under this section. The budget agency may reduce the amount of the certified distribution over several calendar years so that any adjustment under this subsection is offset over several years rather than in one (1) lump sum.

(e) This subsection applies to a county that imposes, increases, decreases, or rescinds a tax or tax rate under this chapter before November 1 in the same calendar year in which the budget agency makes a certification under this section. The budget agency shall adjust the certified distribution of a county to provide for a distribution in the immediately following calendar year and in each calendar year thereafter. The budget agency shall provide for a full transition to certification of distributions as provided in subsection (a)(1) through (a)(2) in the manner provided in subsection (c). If the county imposes, increases, decreases, or rescinds a tax or tax rate under this chapter after the date for which a certification under subsection (b) is based, the budget agency shall adjust the certified distribution of the county after September 30 of the calendar year.

The adjustment shall reflect any other adjustment required under subsections (c), (d), and (f). The adjusted certification shall be treated as the county's "certified distribution" for the immediately succeeding calendar year. The budget agency shall certify the adjusted certified distribution to the county auditor for the county and provide the county council with an informative summary of the calculations that revises the informative summary provided in subsection (b) and reflects the changes made in the adjustment.

(f) This subsection applies in the year a county initially imposes a tax rate under section 30 of this chapter. Notwithstanding any other provision, the budget agency shall adjust the part of the county's certified distribution that is attributable to the tax rate under section 30 of this chapter to provide for a distribution in the immediately following calendar year equal to the result of:

(1) the sum of the amounts determined under STEP ONE through STEP FOUR of IC 6-3.5-1.5-1(b) in the year in which the county initially imposes a tax rate under section 30 of this chapter; multiplied by

(2) the following:

(A) In a county containing a consolidated city, one and five-tenths (1.5).

(B) In a county other than a county containing a consolidated city, two (2).

(g) One-twelfth (1/12) of each adopting county's certified distribution for a calendar year shall be distributed from its account established under section 16 of this chapter to the appropriate county treasurer on the first regular business day of each month of that calendar year.

(h) Upon receipt, each monthly payment of a county's certified distribution shall be allocated among, distributed to, and used by the civil taxing units of the county as provided in sections 18 and 19 of this chapter.

(i) All distributions from an account established under section 16 of this chapter shall be made by warrants issued by the auditor of state to the treasurer of state ordering the appropriate payments.

(j) The budget agency shall before May 1 of every odd-numbered year publish an estimate of the statewide total amount of certified distributions to be made under this chapter during the following two (2) calendar years.

(k) The budget agency shall before May 1 of every even-numbered year publish an estimate of the statewide total amount of certified distributions to be made under this chapter during the following calendar year.

Use of revenue by county auditors; distribution of revenue to civil taxing units and school corporations; qualified economic development tax projects

Note: This version of section effective until 1-1-2017. See also following repeal of this chapter, effective 1-1-2017.

Sec. 18. (a) The revenue a county auditor receives under this chapter shall be used to:

- (1) replace the amount, if any, of property tax revenue lost due to the allowance of an increased homestead credit within the county;
- (2) fund the operation of a public communications system and computer facilities district as provided in an election, if any, made by the county fiscal body under IC 36-8-15-19(b);
- (3) fund the operation of a public transportation corporation as provided in an election, if any, made by the county fiscal body under IC 36-9-4-42;
- (4) fund the operation of a public library in a county containing a consolidated city as provided in an election, if any, made by the county fiscal body under IC 36-3-7-6;
- (5) make payments permitted under IC 36-7-14-25.5 or IC 36-7-15.1-17.5;
- (6) make payments permitted under subsection (i);
- (7) make distributions of distributive shares to the civil taxing units of a county;
- (8) make the distributions permitted under sections 27, 28, 29, 30, 31, 32, and 33 of this chapter; and
- (9) fund a public transportation project approved in an eligible county under IC 8-25-2 or in a township under IC 8-25-6, if any.

(b) The county auditor shall retain from the payments of the county's certified distribution, an amount equal to the revenue lost, if any, due to the increase of the homestead credit within the county. This money shall be distributed to the civil taxing units and school corporations of the county as though they were property tax collections and in such a manner that no civil taxing unit or school corporation shall suffer a net revenue loss due to the allowance of an increased homestead credit.

(c) The county auditor shall retain:

(1) the amount, if any, specified by the county fiscal body for a particular calendar year under subsection (i), IC 36-3-7-6, IC 36-7-14-25.5, IC 36-7-15.1-17.5, IC 36-8-15-19(b), and IC 36-9-4-42 from the county's certified distribution for that same calendar year; and

(2) the amount of an additional tax rate imposed under section 27, 28, 29, 30, 31, 32, or 33 of this chapter.

The county auditor shall distribute amounts retained under this subsection to the county.

(d) All certified distribution revenues that are not retained and distributed under subsections (b) and (c) shall be distributed to the civil taxing units of the county as distributive shares.

(e) The amount of distributive shares that each civil taxing unit in a county is entitled to receive during a month equals the product of the following:

(1) The amount of revenue that is to be distributed as distributive shares during that month; multiplied by

(2) A fraction. The numerator of the fraction equals the allocation amount for the civil taxing unit for the calendar year in which the month falls. The denominator of the fraction equals the sum of the allocation amounts of all the civil taxing units of the county for the calendar year in which the month falls.

(f) The department of local government finance shall provide each county auditor with the fractional amount of distributive shares that each civil taxing unit in the auditor's county is entitled to receive monthly under this section.

(g) Notwithstanding subsection (e), if a civil taxing unit of an adopting county does not impose a property tax levy that is first due and payable in a calendar year in which distributive shares are being distributed under this section, that civil taxing unit is entitled to receive a part of the revenue to be distributed as distributive shares under this section within the county. The fractional amount such a civil taxing unit is entitled to receive each month during that calendar year equals the product of the following:

(1) The amount to be distributed as distributive shares during that month; multiplied by

(2) A fraction. The numerator of the fraction equals the budget of that civil taxing unit for that calendar year. The denominator of the fraction equals the aggregate budgets of all civil taxing units of that county for that calendar year.

(h) If for a calendar year a civil taxing unit is allocated a part of a county's distributive shares by subsection (g), then the formula used in subsection (e) to determine all other civil taxing units' distributive shares shall be changed each month for that same year by reducing the amount to be distributed as distributive shares under subsection (e) by the amount of distributive shares allocated under subsection (g) for that same month. The department of local government finance shall make any adjustments required by this subsection and provide them to the appropriate county auditors.

(i) Notwithstanding any other law, a county fiscal body may pledge revenues received under this chapter (other than revenues attributable to a tax rate imposed under section 30, 31, or 32 of this chapter for property tax relief or public safety) to the payment of bonds or lease rentals to finance a qualified economic development tax project under IC 36-7-27 in that county or in any other county if the county fiscal body determines that the project will promote significant opportunities for the gainful employment or retention of employment of the county's residents.

IC 6-3.5-6-18.5 Version a
Distributive shares to civil taxing units in counties containing a consolidated city

Note: This version of section effective until 1-1-2017. See also following repeal of this chapter, effective 1-1-2017.

Sec. 18.5. (a) This section applies to a county containing a consolidated city.

(b) Notwithstanding section 18(e) of this chapter, the distributive shares that each civil taxing unit in a county containing a consolidated city is entitled to receive during a month equals the following:

(1) For the calendar year beginning January 1, 1995, calculate the total amount of revenues that are to be distributed as distributive shares during that month multiplied by the following factor:

Center Township	.0251
Decatur Township	.00217
Franklin Township	.0023
Lawrence Township	.01177
Perry Township	.01130
Pike Township	.01865
Warren Township	.01359

Washington Township	.01346
Wayne Township	.01307
Lawrence-City	.00858
Beech Grove	.00845
Southport	.00025
Speedway	.00722
Indianapolis/Marion County	.86409

(2) Notwithstanding subdivision (1), for the calendar year beginning January 1, 1995, the distributive shares for each civil taxing unit in a county containing a consolidated city shall be not less than the following:

Center Township	\$1,898,145
Decatur Township	\$164,103
Franklin Township	\$173,934
Lawrence Township	\$890,086
Perry Township	\$854,544
Pike Township	\$1,410,375
Warren Township	\$1,027,721
Washington Township	\$1,017,890
Wayne Township	\$988,397
Lawrence-City	\$648,848
Beech Grove	\$639,017
Southport	\$18,906
Speedway	\$546,000

(3) For each year after 1995, calculate the total amount of revenues that are to be distributed as distributive shares during that month as follows:

STEP ONE: Determine the total amount of revenues that were distributed as distributive shares during that month in calendar year 1995.

STEP TWO: Determine the total amount of revenue that the department has certified as distributive shares for that month under section 17 of this chapter for the calendar year.

STEP THREE: Subtract the STEP ONE result from the STEP TWO result.

STEP FOUR: If the STEP THREE result is less than or equal to zero (0), multiply the STEP TWO result by the ratio established under subdivision (1).

STEP FIVE: Determine the ratio of:

(A) the maximum permissible property tax levy under IC 6-1.1-18.5 for each civil taxing unit for the calendar year in which the month falls, plus, for a county, the welfare allocation amount; divided by

(B) the sum of the maximum permissible property tax levies under IC 6-1.1-18.5 for all civil taxing units of the county during the calendar year in which the month falls, and an amount equal to the welfare allocation amount.

STEP SIX: If the STEP THREE result is greater than zero (0), the STEP ONE amount shall be distributed by

multiplying the STEP ONE amount by the ratio established under subdivision (1).

STEP SEVEN: For each taxing unit determine the STEP FIVE ratio multiplied by the STEP TWO amount.

STEP EIGHT: For each civil taxing unit determine the difference between the STEP SEVEN amount minus the product of the STEP ONE amount multiplied by the ratio established under subdivision (1). The STEP THREE excess shall be distributed as provided in STEP NINE only to the civil taxing units that have a STEP EIGHT difference greater than or equal to zero (0).

STEP NINE: For the civil taxing units qualifying for a distribution under STEP EIGHT, each civil taxing unit's share equals the STEP THREE excess multiplied by the ratio of:

(A) the maximum permissible property tax levy under IC 6-1.1-18.5 for the qualifying civil taxing unit during the calendar year in which the month falls, plus, for a county, an amount equal to the welfare allocation amount; divided by

(B) the sum of the maximum permissible property tax levies under IC 6-1.1-18.5 for all qualifying civil taxing units of the county during the calendar year in which the month falls, and an amount equal to the welfare allocation amount.

(c) The welfare allocation amount is an amount equal to the sum of the property taxes imposed by the county in 1999 for the county's welfare fund and welfare administration fund and the property taxes imposed by the county in 2008 for the county's county medical assistance to wards fund, family and children's fund, children's psychiatric residential treatment services fund, county hospital care for the indigent fund, children with special health care needs county fund, plus, in the case of Marion County, thirty-five million dollars (\$35,000,000).

Sec. 19. (a) Except as provided in sections 18(e) and 18.5(b)(3) of this chapter, in determining the fractional share of distributive shares the civil taxing units of a county are entitled to receive under section 18 of this chapter during a calendar year, the department of local government finance shall consider only property taxes imposed on tangible property subject to assessment in that county.

(b) In determining the amount of distributive shares a civil taxing unit is entitled to receive under section 18(g) of this chapter, the department of local government finance shall consider only the percentage of the civil taxing unit's budget that equals the ratio that the total assessed valuation that lies within the civil taxing unit and the county that has adopted the county option tax bears to the total assessed valuation that lies within the civil taxing unit.

(c) The distributive shares to be allocated and distributed under this chapter:

(1) shall be treated by each civil taxing unit as additional revenue for the purpose of fixing the civil taxing unit's budget for the budget year during which the distributive shares are to be distributed to the civil taxing unit; and

(2) may be used for any lawful purpose of the civil taxing unit.

(d) In the case of a civil taxing unit that includes a consolidated city, its fiscal body may distribute any revenue it receives under this chapter to any governmental entity located in its county except an excluded city, a township, or a school corporation.

Credit for income tax imposed by local governmental entity outside Indiana

Note: This version of section effective until 1-1-2017. See also following repeal of this chapter, effective 1-1-2017.

Sec. 23. (a) Except as provided in subsection (b), if for a particular taxable year a county taxpayer is liable for an income tax imposed by a county, city, town, or other local governmental entity located outside of Indiana, that county taxpayer is entitled to a credit against the county option income tax liability for that same taxable year. The amount of the credit equals the amount of tax imposed by the other governmental entity on income derived from sources outside Indiana and subject to the county option income tax. However, the credit provided by this section may not reduce a county taxpayer's county option income tax liability to an amount less than would have been owed if the income subject to taxation by the other governmental entity had been ignored.

(b) The credit provided by this section does not apply to a county taxpayer to the extent that the other governmental entity provides for a credit to the taxpayer for the amount of county option income taxes owed under this chapter.

(c) To claim the credit provided by this section, a county taxpayer must provide the department with satisfactory evidence that the taxpayer is entitled to the credit.

taxpayer is, or the county taxpayer and the taxpayer's spouse are, entitled to a credit against the county option income tax liability for that same taxable year. The amount of the credit equals the lesser of:

(1) the product of:

(A) the credit for the elderly or individuals with a total disability for that same taxable year; multiplied by

(B) a fraction, the numerator of which is the county option income tax rate imposed against the county taxpayer, or the county taxpayer and the taxpayer's spouse, and the denominator of which is fifteen-hundredths (0.15); or

(2) the amount of county option income tax imposed on the county taxpayer, or the county taxpayer and the taxpayer's spouse.

(b) If a county taxpayer and the taxpayer's spouse file a joint return and are subject to different county option income tax rates for the same taxable year, they shall compute the credit under this section by using the formula provided by subsection (a), except that they shall use the average of the two (2) county option income tax rates imposed against them as the numerator referred to in subsection (a)(1)(B).

IC 6-3.5-6-27 Version a

Miami County additional rate; findings; uses

Note: This version of section effective until 1-1-2017. See also following repeal of this chapter, effective 1-1-2017.

Sec. 27. (a) This section applies only to Miami County. Miami County possesses unique economic development challenges due to:

- (1) underemployment in relation to similarly situated counties; and
- (2) the presence of a United States government military base or other military installation that is completely or partially inactive or closed.

Maintaining low property tax rates is essential to economic development, and the use of county option income tax revenues as provided in this chapter to pay any bonds issued or leases entered into to finance the construction, acquisition, improvement, renovation, and equipping described under subsection (c), rather than use of property taxes, promotes that purpose.

(b) In addition to the rates permitted by sections 8 and 9 of this chapter, the county council may impose the county option income tax at a rate of twenty-five hundredths percent (0.25%) on the adjusted gross income of resident county taxpayers if the county council makes the finding and determination set forth in subsection (c). Section 8(e) of this chapter applies to the application of the additional rate to nonresident taxpayers.

(c) In order to impose the county option income tax as provided in this section, the county council must adopt an ordinance finding and determining that revenues from the county option income tax are needed to pay the costs of financing, constructing, acquiring, renovating, and equipping a county jail, including the repayment of bonds issued, or leases entered into, for financing, constructing, acquiring, renovating, and equipping a county jail.

(d) If the county council makes a determination under subsection (c), the county council may adopt a tax rate under subsection (b). The tax rate may not be imposed at a rate or for a time greater than is necessary to pay the costs of financing, constructing, acquiring, renovating, and equipping a county jail.

(e) The county treasurer shall establish a county jail revenue fund

to be used only for the purposes described in this section. County option income tax revenues derived from the tax rate imposed under this section shall be deposited in the county jail revenue fund before making a certified distribution under section 18 of this chapter.

(f) County option income tax revenues derived from the tax rate imposed under this section:

- (1) may only be used for the purposes described in this section;
- (2) may not be considered by the department of local government finance in determining the county's maximum permissible property tax levy limit under IC 6-1.1-18.5; and
- (3) may be pledged to the repayment of bonds issued, or leases entered into, for the purposes described in subsection (c).

(g) The budget agency shall adjust the certified distribution of a county to provide for an increased distribution of taxes in the immediately following calendar year after the county adopts an increased tax rate under this section and in each calendar year thereafter. The budget agency shall provide for a full transition to certification of distributions as provided in section 17(a)(1) through 17(a)(2) of this chapter in the manner provided in section 17(c) of this chapter.

Howard County additional rate; findings; uses

Note: This version of section effective until 1-1-2017. See also following repeal of this chapter, effective 1-1-2017.

Sec. 28. (a) This section applies only to Howard County.

(b) Maintaining low property tax rates is essential to economic development, and the use of county option income tax revenues as provided in this section and as needed in the county to fund the operation and maintenance of a jail and juvenile detention center, rather than the use of property taxes, promotes that purpose.

(c) In addition to the rates permitted by sections 8 and 9 of this chapter, the county fiscal body may impose a county option income tax at a rate that does not exceed twenty-five hundredths percent (0.25%) on the adjusted gross income of resident county taxpayers. The tax rate may be adopted in any increment of one hundredth percent (0.01%). Before the county fiscal body may adopt a tax rate under this section, the county fiscal body must make the finding and determination set forth in subsection (d). Section 8(e) of this chapter applies to the application of the additional tax rate to nonresident taxpayers.

(d) In order to impose the county option income tax as provided in this section, the county fiscal body must adopt an ordinance:

- (1) finding and determining that revenues from the county option income tax are needed in the county to fund the operation and maintenance of a jail, a juvenile detention center, or both; and

(2) agreeing to freeze the part of any property tax levy imposed in the county for the operation of the jail or juvenile detention center, or both, covered by the ordinance at the rate imposed in the year preceding the year in which a full year of additional county option income tax is certified for distribution to the county under this section for the term in which an ordinance is in effect under this section.

(e) If the county fiscal body makes a determination under subsection (d), the county fiscal body may adopt a tax rate under subsection (c). Subject to the limitations in subsection (c), the county fiscal body may amend an ordinance adopted under this section to increase, decrease, or rescind the additional tax rate imposed under this section. Not more than ten (10) days after the vote, the county fiscal body shall send a certified copy of the ordinance to the county auditor, the commissioner of the department, the director of the budget agency, and the commissioner of the department of local government finance in an electronic format approved by the director of the budget agency.

(f) The county treasurer shall establish a county jail revenue fund to be used only for the purposes described in this section. County option income tax revenues derived from the tax rate imposed under this section shall be deposited in the county jail revenue fund before making a certified distribution under section 18 of this chapter.

(g) County option income tax revenues derived from the tax rate imposed under this section:

(1) may only be used for the purposes described in this section; and

(2) may not be considered by the department of local government finance in determining the county's maximum permissible property tax levy limit under IC 6-1.1-18.5.

(h) The department of local government finance shall enforce an agreement under subsection (d)(2).

(i) The budget agency shall adjust the certified distribution of a county to provide for an increased distribution of taxes in the immediately following calendar year after the county adopts an increased tax rate under this section and in each calendar year thereafter. The budget agency shall provide for a full transition to certification of distributions as provided in section 17(a)(1) through 17(a)(2) of this chapter in the manner provided in section 17(c) of this chapter.

(j) The department shall separately designate a tax rate imposed under this section in any tax form as the Howard County jail operating and maintenance income tax.

Scott County additional rate; findings; uses

Note: This version of section effective until 1-1-2017. See also following repeal of this chapter, effective 1-1-2017.

Sec. 29. (a) This section applies only to Scott County. Scott County is a county in which:

(1) maintaining low property tax rates is essential to economic development; and

(2) the use of additional county option income tax revenues as provided in this section, rather than the use of property taxes, to fund:

(A) the financing, construction, acquisition, improvement, renovation, equipping, operation, or maintenance of jail facilities; and

(B) the repayment of bonds issued or leases entered into for the purposes described in clause (A), except operation or maintenance;

promotes the purpose of maintaining low property tax rates.

(b) The county fiscal body may impose the county option income tax on the adjusted gross income of resident county taxpayers at a rate, in addition to the rates permitted by sections 8 and 9 of this chapter, not to exceed twenty-five hundredths percent (0.25%). Section 8(e) of this chapter applies to the application of the additional rate to nonresident taxpayers.

(c) To impose the county option income tax as provided in this section, the county fiscal body must adopt an ordinance finding and determining that additional revenues from the county option income tax are needed in the county to fund:

(1) the financing, construction, acquisition, improvement, renovation, equipping, operation, or maintenance of jail facilities; and

(2) the repayment of bonds issued or leases entered into for the purposes described in subdivision (1), except operation or maintenance.

(d) If the county fiscal body makes a determination under subsection (c), the county fiscal body may adopt an additional tax rate under subsection (b). Subject to the limitations in subsection (b), the county fiscal body may amend an ordinance adopted under this section to increase, decrease, or rescind the additional tax rate imposed under this section. Not more than ten (10) days after the vote, the county fiscal body shall send a certified copy of the ordinance to the county auditor, the commissioner of the department, the director of the budget agency, and the commissioner of the department of local government finance in an electronic format approved by the director of the budget agency.

(e) If the county imposes an additional tax rate under this section, the county treasurer shall establish a county jail revenue fund to be used only for the purposes described in this section. County option income tax revenues derived from the tax rate imposed under this section shall be deposited in the county jail revenue fund before making a certified distribution under section 18 of this chapter.

(f) County option income tax revenues derived from an additional tax rate imposed under this section:

- (1) may be used only for the purposes described in this section;
- (2) may not be considered by the department of local government finance in determining the county's maximum permissible property tax levy limit under IC 6-1.1-18.5; and
- (3) may be pledged for the repayment of bonds issued or leases entered into to fund the purposes described in subsection (c)(1), except operation or maintenance.

(g) If the county imposes an additional tax rate under this section, the budget agency shall adjust the certified distribution of the county to provide for an increased distribution of taxes in the immediately following calendar year after the county adopts the increased tax rate and in each calendar year thereafter. The budget agency shall provide for a full transition to certification of distributions as provided in section 17(a)(1) through 17(a)(2) of this chapter in the manner provided in section 17(c) of this chapter.

IC 6-3.5-6-30 Version a

Rate for property tax levy freeze; rate for public transportation

Note: This version of section effective until 1-1-2017. See also following repeal of this chapter, effective 1-1-2017.

Sec. 30. (a) In a county in which the county option income tax is in effect, the county income tax council may adopt an ordinance to impose or increase (as applicable) a tax rate under this section.

(b) In a county in which neither the county option adjusted gross income tax nor the county option income tax is in effect, the county income tax council may adopt an ordinance to impose a tax rate under this section.

(c) If a county income tax council adopts an ordinance to impose or increase a tax rate under this section, not more than ten (10) days after the vote, the county auditor shall send a certified copy of the ordinance to the commissioner of the department, the director of the budget agency, and the commissioner of the department of local government finance in an electronic format approved by the director of the budget agency.

(d) A tax rate under this section is in addition to any other tax rates imposed under this chapter and does not affect the purposes for which other tax revenue under this chapter may be used.

(e) Except as provided in subsection (u), the following apply only in the year in which a county income tax council first imposes a tax rate under this section:

- (1) The county income tax council shall, in the ordinance imposing the tax rate, specify the tax rate for each of the following two (2) years.

(2) The tax rate that must be imposed in the county in the first year is equal to the result of:

(A) the tax rate determined for the county under IC 6-3.5-1.5-1(b) in that year; multiplied by

(B) the following:

(i) In a county containing a consolidated city, one and five-tenths (1.5).

(ii) In a county other than a county containing a consolidated city, two (2).

(3) The tax rate that must be imposed in the county in the second year is the tax rate determined for the county under IC 6-3.5-1.5-1(c). The tax rate under this subdivision continues in effect in later years unless the tax rate is increased under this section.

(4) The levy limitations in IC 6-1.1-18.5-3(b), IC 6-1.1-18.5-3(c), IC 12-19-7-4(b) (before its repeal), IC 12-19-7.5-6(b) (before its repeal), and IC 12-29-2-2(c) apply to property taxes first due and payable in the ensuing calendar year and to property taxes first due and payable in the calendar year after the ensuing calendar year.

(f) Except as provided in subsection (u), the following apply only in a year in which a county income tax council increases a tax rate under this section:

(1) The county income tax council shall, in the ordinance increasing the tax rate, specify the tax rate for the following year.

(2) The tax rate that must be imposed in the county is equal to the result of:

(A) the tax rate determined for the county under IC 6-3.5-1.5-1(b) in the year the tax rate is increased; plus

(B) the tax rate currently in effect in the county under this section.

The tax rate under this subdivision continues in effect in later years unless the tax rate is increased under this section.

(3) The levy limitations in IC 6-1.1-18.5-3(b), IC 6-1.1-18.5-3(c), IC 12-19-7-4(b) (before its repeal), IC 12-19-7.5-6(b) (before its repeal), and IC 12-29-2-2(c) apply to property taxes first due and payable in the ensuing calendar year.

(g) Except as provided in subsection (u), the department of local government finance shall determine the following property tax replacement distribution amounts:

STEP ONE: Determine the sum of the amounts determined under STEP ONE through STEP FOUR of IC 6-3.5-1.5-1(b) for the county in the preceding year.

STEP TWO: For distribution to each civil taxing unit that in the year had a maximum permissible property tax levy limited under IC 6-1.1-18.5-3(b), determine the result of:

(1) the quotient of:

(A) the part of the amount determined under STEP ONE of IC 6-3.5-1.5-1(b) in the preceding year that was attributable to the civil taxing unit; divided by

(B) the STEP ONE amount; multiplied by

(2) the tax revenue received by the county treasurer under this section.

STEP THREE: For distributions in 2009 and thereafter, the result of this STEP is zero (0). For distribution to the county for deposit in the county family and children's fund before 2009, determine the result of:

(1) the quotient of:

(A) the amount determined under STEP TWO of IC 6-3.5-1.5-1(b) in the preceding year; divided by

(B) the STEP ONE amount; multiplied by

(2) the tax revenue received by the county treasurer under this section.

STEP FOUR: For distributions in 2009 and thereafter, the result of this STEP is zero (0). For distribution to the county for deposit in the county children's psychiatric residential treatment services fund before 2009, determine the result of:

(1) the quotient of:

(A) the amount determined under STEP THREE of IC 6-3.5-1.5-1(b) in the preceding year; divided by

(B) the STEP ONE amount; multiplied by

(2) the tax revenue received by the county treasurer under this section.

STEP FIVE: For distribution to the county for community mental health center purposes, determine the result of:

(1) the quotient of:

(A) the amount determined under STEP FOUR of IC 6-3.5-1.5-1(b) in the preceding year; divided by

(B) the STEP ONE amount; multiplied by

(2) the tax revenue received by the county treasurer under this section.

Except as provided in subsection (m), the county treasurer shall distribute the portion of the certified distribution that is attributable to a tax rate under this section as specified in this section. The county treasurer shall make the distributions under this subsection at the same time that distributions are made to civil taxing units under section 18 of this chapter.

(h) Notwithstanding sections 12 and 12.5 of this chapter, a county income tax council may not decrease or rescind a tax rate imposed under this section.

(i) The tax rate under this section shall not be considered for purposes of computing:

(1) the maximum income tax rate that may be imposed in a county under section 8 or 9 of this chapter or any other provision of this chapter; or

(2) the maximum permissible property tax levy under

IC 6-1.1-18.5-3.

(j) The tax levy under this section shall not be considered for purposes of the credit under IC 6-1.1-20.6.

(k) Except as provided in subsections (t) and (u), a distribution under this section shall be treated as a part of the receiving civil taxing unit's property tax levy for that year for purposes of fixing its budget and for determining the distribution of taxes that are distributed on the basis of property tax levies.

(l) If a county income tax council imposes a tax rate under this section (other than a tax rate imposed under subsection (t)), the county option income tax rate dedicated to locally funded homestead credits in the county may not be decreased.

(m) In the year following the year in which a county first imposes a tax rate under this section:

(1) one-third (1/3) of the tax revenue that is attributable to the tax rate under this section must be deposited in the county stabilization fund established under subsection (o), in the case of a county containing a consolidated city; and

(2) one-half (1/2) of the tax revenue that is attributable to the tax rate under this section (other than a tax rate imposed under subsection (t)) must be deposited in the county stabilization fund established under subsection (o), in the case of a county not containing a consolidated city.

(n) Except as provided in subsection (t) and IC 8-25, a pledge of county option income taxes does not apply to revenue attributable to a tax rate under this section.

(o) Except as provided in subsections (t) and (u), a county stabilization fund is established in each county that imposes a tax rate under this section. The county stabilization fund shall be administered by the county auditor. If for a year the certified distributions attributable to a tax rate under this section exceed the amount calculated under STEP ONE through STEP FOUR of IC 6-3.5-1.5-1(b) that is used by the department of local government finance and the department of state revenue to determine the tax rate under this section, the excess shall be deposited in the county stabilization fund. Money shall be distributed from the county stabilization fund in a year by the county auditor to political subdivisions entitled to a distribution of tax revenue attributable to the tax rate under this section if:

(1) the certified distributions attributable to a tax rate under this section are less than the amount calculated under STEP ONE through STEP FOUR of IC 6-3.5-1.5-1(b) that is used by the department of local government finance and the department of state revenue to determine the tax rate under this section for a year; or

(2) the certified distributions attributable to a tax rate under this section in a year are less than the certified distributions attributable to a tax rate under this section in the preceding year.

However, subdivision (2) does not apply to the year following the

first year in which certified distributions of revenue attributable to the tax rate under this section are distributed to the county.

(p) Notwithstanding any other provision, a tax rate imposed under this section may not exceed one percent (1%).

(q) Except as provided in subsection (u), a county income tax council must each year hold at least one (1) public meeting at which the county council discusses whether the tax rate under this section should be imposed or increased.

(r) The department of local government finance and the department of state revenue may take any actions necessary to carry out the purposes of this section.

(s) Notwithstanding any other provision, in:

- (1) Lake County;
- (2) Delaware County; and
- (3) Madison County;

the county council (and not the county income tax council) is the entity authorized to take actions concerning the additional tax rate under this section.

(t) This subsection applies only to Delaware County and Madison County. If the voters of a county approve a local public question under IC 8-25-2, the fiscal body of the county may, after at least one (1) public meeting, adopt an ordinance to provide for the use of county option income tax revenue attributable to an additional tax rate imposed under this subsection to fund a public transportation project under IC 8-25. However, a county fiscal body shall adopt an ordinance under this subsection if required by IC 8-25-6-10 to impose an additional tax rate on the county taxpayers who reside in a township in which the voters approve a public transportation project in a local public question held under IC 8-25-6. An ordinance adopted under this subsection must specify an additional tax rate to be imposed in the county (or township in the case of an additional rate required by IC 8-25-6-10) of at least one-tenth percent (0.1%), but not more than twenty-five hundredths percent (0.25%). If an ordinance is adopted under this subsection, the amount of the certified distribution attributable to the additional tax rate imposed under this subsection must be:

- (1) retained by the county auditor;
- (2) deposited in the county public transportation project fund established under IC 8-25-3-7; and
- (3) used for the purpose provided in this subsection instead of as a property tax replacement distribution.

(u) The following do not apply to an additional tax rate imposed under subsection (t):

- (1) Subsection (e).
- (2) Subsection (f).
- (3) Subsection (g).
- (4) Subsection (k).
- (5) Subsection (n).
- (6) Subsection (o).

(7) Subsection (q).

(2) Twenty-five hundredths of one percent (0.25%), in the case of a county other than a county containing a consolidated city.

(d) If a county income tax council adopts an ordinance to impose a tax rate under this section, not more than ten (10) days after the vote, the county auditor shall send a certified copy of the ordinance to the commissioner of the department, the director of the budget agency, and the commissioner of the department of local government finance in an electronic format approved by the director of the budget agency.

(e) A tax rate under this section is in addition to any other tax rates imposed under this chapter and does not affect the purposes for which other tax revenue under this chapter may be used.

(f) Except as provided in subsections (l), (m), (n), and (o), the county auditor shall distribute the portion of the certified distribution that is attributable to a tax rate under this section to the county and to each municipality in the county that is carrying out or providing at least one (1) of the public safety purposes described in subsection (a). The amount that shall be distributed to the county or municipality is equal to the result of:

(1) the portion of the certified distribution that is attributable to a tax rate under this section; multiplied by

(2) a fraction equal to:

(A) the total property taxes being collected in the county by the county or municipality for the calendar year; divided by

(B) the sum of the total property taxes being collected in the county by the county and each municipality in the county that is entitled to a distribution under this section for the calendar year.

The county auditor shall make the distributions required by this subsection not more than thirty (30) days after receiving the portion of the certified distribution that is attributable to a tax rate under this section. Tax revenue distributed to a county or municipality under this subsection must be deposited into a separate account or fund and may be appropriated by the county or municipality only for public safety purposes.

(g) The department of local government finance may not require a county or municipality receiving tax revenue under this section to reduce the county's or municipality's property tax levy for a particular year on account of the county's or municipality's receipt of the tax revenue.

(h) The tax rate under this section and the tax revenue attributable to the tax rate under this section shall not be considered for purposes of computing:

- (1) the maximum income tax rate that may be imposed in a county under section 8 or 9 of this chapter or any other provision of this chapter;
- (2) the maximum permissible property tax levy under IC 6-1.1-18.5-3; or
- (3) the credit under IC 6-1.1-20.6.

(i) The tax rate under this section may be imposed or rescinded at the same time and in the same manner that the county may impose or increase a tax rate under section 30 of this chapter.

(j) The department of local government finance and the department of state revenue may take any actions necessary to carry out the purposes of this section.

(k) Notwithstanding any other provision, in Lake County the county council (and not the county income tax council) is the entity authorized to take actions concerning the additional tax rate under this section.

(l) Two (2) or more political subdivisions that are entitled to receive a distribution under this section may adopt resolutions providing that some part or all of those distributions shall instead be paid to one (1) political subdivision in the county to carry out specific public safety purposes specified in the resolutions.

(m) A fire department, volunteer fire department, or emergency medical services provider that:

- (1) provides fire protection or emergency medical services within the county; and
- (2) is operated by or serves a political subdivision that is not otherwise entitled to receive a distribution of tax revenue under this section;

may before July 1 of a year apply to the county income tax council for a distribution of tax revenue under this section during the following calendar year. The county income tax council shall review an application submitted under this subsection and may before September 1 of a year adopt a resolution requiring that one (1) or more of the applicants shall receive a specified amount of the tax revenue to be distributed under this section during the following calendar year. A resolution approved under this subsection providing for a distribution to one (1) or more fire departments, volunteer fire departments, or emergency services providers applies only to distributions in the following calendar year. Any amount of tax revenue distributed under this subsection to a fire department, volunteer fire department, or emergency medical services provider shall be distributed before the remainder of the tax revenue is distributed under subsection (f).

(n) This subsection applies to a county in which a tax rate under this section is not in effect on July 1, 2015. The county income tax council or, in Lake County, the county council, may adopt a

resolution providing that up to one hundred percent (100%) of the tax revenue to be distributed under this section shall be dedicated to a PSAP (as defined in IC 36-8-16.7-20) that is part of the statewide 911 system (as defined in IC 36-8-16.7-22) and contained in the county. Any amount of tax revenue dedicated to a PSAP under this subsection shall be distributed before the remainder of the tax revenue is distributed under this section.

(o) This subsection applies to a county in which a tax rate under this section is in effect on July 1, 2015. If the tax rate under this section is increased after July 1, 2015, the county income tax council or, in Lake County, the county council, may adopt a resolution providing that up to one hundred percent (100%) of the tax revenue derived from the part of the tax rate under this section that exceeds the tax rate in effect on July 1, 2015, shall be dedicated to a PSAP (as defined in IC 36-8-16.7-20) that is part of the statewide 911 system (as defined in IC 36-8-16.7-22) and contained in the county. Any amount of tax revenue dedicated to a PSAP under this subsection shall be distributed before the remainder of the tax revenue is distributed under this section.

IC 6-3.5-6-32 Version a **Rate for property tax relief**

Note: This version of section effective until 1-1-2017. See also following repeal of this chapter, effective 1-1-2017.

Sec. 32. (a) A county income tax council may impose a tax rate under this section to provide property tax relief to taxpayers in the county. A county income tax council is not required to impose any other tax before imposing a tax rate under this section.

(b) A tax rate under this section may be imposed in increments of five-hundredths of one percent (0.05%) determined by the county income tax council. A tax rate under this section may not exceed one percent (1%).

(c) A tax rate under this section is in addition to any other tax rates imposed under this chapter and does not affect the purposes for which other tax revenue under this chapter may be used.

(d) If a county income tax council adopts an ordinance to impose or increase a tax rate under this section, not more than ten (10) days after the vote, the county auditor shall send a certified copy of the ordinance to the commissioner of the department, the director of the budget agency, and the commissioner of the department of local government finance in an electronic format approved by the director of the budget agency.

(e) A tax rate under this section may be imposed, increased, decreased, or rescinded at the same time and in the same manner that the county income tax council may impose or increase a tax rate

under section 30 of this chapter.

(f) Tax revenue attributable to a tax rate under this section may be used for any combination of the following purposes, as specified by ordinance of the county income tax council:

(1) The tax revenue may be used to provide local property tax replacement credits at a uniform rate to all taxpayers in the county. The local property tax replacement credits shall be treated for all purposes as property tax levies. The county auditor shall determine the local property tax replacement credit percentage for a particular year based on the amount of tax revenue that will be used under this subdivision to provide local property tax replacement credits in that year. A county income tax council may not adopt an ordinance determining that tax revenue shall be used under this subdivision to provide local property tax replacement credits at a uniform rate to all taxpayers in the county unless the county council has done the following:

(A) Made available to the public the county council's best estimate of the amount of property tax replacement credits to be provided under this subdivision to homesteads, other residential property, commercial property, industrial property, and agricultural property.

(B) Adopted a resolution or other statement acknowledging that some taxpayers in the county that do not pay the tax rate under this section will receive a property tax replacement credit that is funded with tax revenue from the tax rate under this section.

(2) The tax revenue may be used to uniformly increase (before January 1, 2011) or uniformly provide (after December 31, 2010) the homestead credit percentage in the county. The homestead credits shall be treated for all purposes as property tax levies. The homestead credits do not reduce the basis for determining any state homestead credit. The homestead credits shall be applied to the net property taxes due on the homestead after the application of all other assessed value deductions or property tax deductions and credits that apply to the amount owed under IC 6-1.1. The county auditor shall determine the homestead credit percentage for a particular year based on the amount of tax revenue that will be used under this subdivision to provide homestead credits in that year.

(3) The tax revenue may be used to provide local property tax replacement credits at a uniform rate for all qualified residential property (as defined in IC 6-1.1-20.6-4 before January 1, 2009, and as defined in section 1 of this chapter after December 31, 2008) in the county. The local property tax replacement credits shall be treated for all purposes as property tax levies. The county auditor shall determine the local property tax replacement credit percentage for a particular year based on the amount of tax revenue that will be used under this subdivision

to provide local property tax replacement credits in that year.

(4) This subdivision applies only to Lake County. The Lake County council may adopt an ordinance providing that the tax revenue from the tax rate under this section is used for any of the following:

(A) To reduce all property tax levies imposed by the county by the granting of property tax replacement credits against those property tax levies.

(B) To provide local property tax replacement credits in Lake County in the following manner:

(i) The tax revenue under this section that is collected from taxpayers within a particular municipality in Lake County (as determined by the department based on the department's best estimate) shall be used only to provide a local property tax credit against property taxes imposed by that municipality.

(ii) The tax revenue under this section that is collected from taxpayers within the unincorporated area of Lake County (as determined by the department) shall be used only to provide a local property tax credit against property taxes imposed by the county. The local property tax credit for the unincorporated area of Lake County shall be available only to those taxpayers within the unincorporated area of the county.

(C) To provide property tax credits in the following manner:

(i) Sixty percent (60%) of the tax revenue under this section shall be used as provided in clause (B).

(ii) Forty percent (40%) of the tax revenue under this section shall be used to provide property tax replacement credits against property tax levies of the county and each township and municipality in the county. The percentage of the tax revenue distributed under this item that shall be used as credits against the county's levies or against a particular township's or municipality's levies is equal to the percentage determined by dividing the population of the county, township, or municipality by the sum of the total population of the county, each township in the county, and each municipality in the county.

The Lake County council shall determine whether the credits under clause (A), (B), or (C) shall be provided to homesteads, to all qualified residential property, or to all taxpayers. The department of local government finance, with the assistance of the budget agency, shall certify to the county auditor and the fiscal body of the county and each township and municipality in the county the amount of property tax credits under this subdivision. Except as provided in subsection (g), the tax revenue under this section that is used to provide credits under this subdivision shall be treated for all purposes as property tax levies.

The county income tax council may adopt an ordinance changing the purposes for which tax revenue attributable to a tax rate under this section shall be used in the following year.

(g) The tax rate under this section shall not be considered for purposes of computing:

- (1) the maximum income tax rate that may be imposed in a county under section 8 or 9 of this chapter or any other provision of this chapter;
- (2) the maximum permissible property tax levy under IC 6-1.1-18.5-3; or
- (3) the credit under IC 6-1.1-20.6.

(h) Tax revenue under this section shall be treated as a part of the receiving civil taxing unit's or school corporation's property tax levy for that year for purposes of fixing the budget of the civil taxing unit or school corporation and for determining the distribution of taxes that are distributed on the basis of property tax levies. To the extent the county auditor determines that there is income tax revenue remaining from the tax under this section after providing the property tax replacement, the excess shall be credited to a dedicated county account and may be used only for property tax replacement under this section in subsequent years.

(i) The department of local government finance, and the department of state revenue may take any actions necessary to carry out the purposes of this section.

(j) Notwithstanding any other provision, in Lake County the county council (and not the county income tax council) is the entity authorized to take actions concerning the tax rate under this section. *As added by P.L.224-2007, SEC.85. Monroe County; additional rate for operation and maintenance of juvenile detention center and other juvenile services facilities

Note: This version of section effective until 1-1-2017. See also following repeal of this chapter, effective 1-1-2017.

Sec. 33. (a) This section applies only to Monroe County.

(b) Maintaining low property tax rates is essential to economic development, and the use of county option income tax revenues as provided in this chapter and as needed in the county to fund the operation and maintenance of a juvenile detention center and other facilities to provide juvenile services, rather than the use of property taxes, promotes that purpose.

(c) In addition to the rates permitted by sections 8 and 9 of this chapter, the county fiscal body may impose an additional county option income tax at a rate of not more than twenty-five hundredths percent (0.25%) on the adjusted gross income of resident county taxpayers if the county fiscal body makes the finding and determination set forth in subsection (d). Section 8(e) of this chapter

applies to the application of the additional rate to nonresident taxpayers.

(d) In order to impose the county option income tax as provided in this section, the county fiscal body must adopt an ordinance:

(1) finding and determining that revenues from the county option income tax are needed in the county to fund the operation and maintenance of a juvenile detention center and other facilities necessary to provide juvenile services; and

(2) agreeing to freeze for the term in which an ordinance is in effect under this section the part of any property tax levy imposed in the county for the operation of the juvenile detention center and other facilities covered by the ordinance at the rate imposed in the year preceding the year in which a full year of additional county option income tax is certified for distribution to the county under this section.

(e) If the county fiscal body makes a determination under subsection (d), the county fiscal body may adopt a tax rate under subsection (c). Subject to the limitations in subsection (c), the county fiscal body may amend an ordinance adopted under this section to increase, decrease, or rescind the additional tax rate imposed under this section. Not more than ten (10) days after the vote, the county fiscal body shall send a certified copy of the ordinance to the county auditor, the commissioner of the department, the director of the budget agency, and the commissioner of the department of local government finance in an electronic format approved by the director of the budget agency.

(f) The county treasurer shall establish a county juvenile detention center revenue fund to be used only for the purposes described in this section. County option income tax revenues derived from the tax rate imposed under this section shall be deposited in the county juvenile detention center revenue fund before a certified distribution is made under section 18 of this chapter.

(g) County option income tax revenues derived from the tax rate imposed under this section:

(1) may be used only for the purposes described in this section; and

(2) may not be considered by the department of local government finance in determining the county's maximum permissible property tax levy limit under IC 6-1.1-18.5.

(h) The department of local government finance shall enforce an agreement made under subsection (d)(2).

(i) The budget agency shall adjust the certified distribution of a county to provide for an increased distribution of taxes in the immediately following calendar year after the county adopts an increased tax rate under this section and in each calendar year thereafter. The budget agency shall provide for a full transition to certification of distributions as provided in section 17(a)(1) through 17(a)(2) of this chapter in the manner provided in section 17(c) of this chapter.

at a rate of _____ percent (____%) on the county taxpayers of the county."

(f) The auditor of a county shall record all votes taken on ordinances presented for a vote under the authority of this chapter and shall, not more than ten (10) days after the vote, send a certified copy of the results to the commissioner of the department, the director of the budget agency, and the commissioner of the department of local government finance in an electronic format approved by the director of the budget agency.

(p) If the county economic development income tax is imposed as authorized under subsection (o) at a rate that exceeds the maximum rate that would otherwise apply under this section, the certified distribution must be used for a purpose provided in section 26 of this

chapter to the extent that the certified distribution results from the difference between:

- (1) the actual county economic development tax rate; and
- (2) the maximum rate that would otherwise apply under this section.

(q) This subsection applies only to a county described in section 27 of this chapter. Except as provided in subsection (o), in addition to the rates permitted by subsection (b), the:

(v) An additional county economic development income tax rate imposed under section 28 of this chapter may not be considered in calculating any limit under this section on the sum of:

- (1) the county economic development income tax rate plus the county adjusted gross income tax rate; or
- (2) the county economic development tax rate plus the county option income tax rate.

(w) The income tax rate limits imposed by subsection (c) or (x) or any other provision of this chapter do not apply to:

- (1) a county adjusted gross income tax rate imposed under IC 6-3.5-1.1-24, IC 6-3.5-1.1-25, or IC 6-3.5-1.1-26; or
- (2) a county option income tax rate imposed under IC 6-3.5-6-30, IC 6-3.5-6-31, or IC 6-3.5-6-32.

For purposes of computing the maximum combined income tax rate under subsection (c) or (x) or any other provision of this chapter that may be imposed in a county under IC 6-3.5-1.1, IC 6-3.5-6, and this chapter, a county's county adjusted gross income tax rate or county option income tax rate for a particular year does not include the county adjusted gross income tax rate imposed under IC 6-3.5-1.1-24, IC 6-3.5-1.1-25, or IC 6-3.5-1.1-26 or the county option income tax rate imposed under IC 6-3.5-6-30, IC 6-3.5-6-31, or IC 6-3.5-6-32.

(x) This subsection applies to Monroe County. Except as provided in subsection (o), if an ordinance is adopted under IC 6-3.5-6-33, the sum of the county economic development income tax rate and the county option income tax rate that are in effect on January 1 of a year may not exceed one and twenty-five hundredths percent (1.25%).

(y) This subsection applies to Perry County. Except as provided in subsection (o), if an ordinance is adopted under section 27.5 of this chapter, the county economic development income tax rate plus the county option income tax rate that is in effect on January 1 of a year may not exceed one and seventy-five hundredths percent (1.75%).

(z) This subsection applies to Starke County. Except as provided in subsection (o), if an ordinance is adopted under section 27.6 of this chapter, the county economic development income tax rate plus the county adjusted gross income tax rate that is in effect on January 1 of a year may not exceed two percent (2%).

(aa) This subsection applies to Tipton County. Except as provided in subsection (o), the sum of the county economic development income tax rate and the county adjusted gross income tax rate that are in effect on January 1 of a year may not exceed one and sixty-five hundredths percent (1.65%).

(bb) This subsection applies to Rush County. Except as provided in subsection (o), the sum of the county economic development income tax rate and the county adjusted gross income tax rate that are in effect on January 1 of a year may not exceed one and eighty-five hundredths percent (1.85%).

(cc) This subsection applies to Greene County. The county economic development tax rate plus the county option income tax rate, if any, that are in effect on January 1 of a year may not exceed one and twenty-five hundredths percent (1.25%). However, if the county economic development tax rate plus the county option income tax rate in effect exceed one percent (1%), the maximum rate that may be imposed in the county for public safety purposes under IC 6-3.5-1.1-25 or IC 6-3.5-6-31 is equal to the difference between:

- (1) twenty-five hundredths of one percent (0.25%); minus
- (2) the amount by which the county economic development tax rate plus the county option income tax rate in effect exceeds one percent (1%).

(f) The auditor of a county shall record all votes taken on ordinances presented for a vote under the authority of this chapter and shall, not more than ten (10) days after the vote, send a certified copy of the results to the commissioner of the department, the director of the budget agency, and the commissioner of the department of local government finance in an electronic format approved by the director of the budget agency.

(g) For Jackson County, except as provided in subsection (o), the county economic development income tax rate plus the county adjusted gross income tax rate that are in effect on January 1 of a year may not exceed one and thirty-five hundredths percent (1.35%) if the county has imposed the county adjusted gross income tax at a rate of one and one-tenth percent (1.1%) under IC 6-3.5-1.1-2.5.

if the county council makes a determination to impose rates under this subsection and section 22.5 of this chapter.

(k) For Daviess County, except as provided in subsection (o), the county economic development income tax rate plus the county adjusted gross income tax rate that are in effect on January 1 of a year may not exceed one and five-tenths percent (1.5%).

In addition:

- (1) the county economic development income tax may be imposed at a rate that exceeds by not more than twenty-five hundredths percent (0.25%) the maximum rate that would otherwise apply under this section; and

(p) If the county economic development income tax is imposed as authorized under subsection (o) at a rate that exceeds the maximum rate that would otherwise apply under this section, the certified distribution must be used for a purpose provided in section 26 of this chapter to the extent that the certified distribution results from the difference between:

- (1) the actual county economic development tax rate; and
- (2) the maximum rate that would otherwise apply under this section.

(q) This subsection applies only to a county described in section 27 of this chapter. Except as provided in subsection (o), in addition to the rates permitted by subsection (b), the:

- (1) county economic development income tax may be imposed at a rate of twenty-five hundredths percent (0.25%); and
- (2) county economic development income tax rate plus the county option income tax rate that are in effect on January 1 of a year may equal up to one and twenty-five hundredths percent (1.25%);

(v) An additional county economic development income tax rate imposed under section 28 of this chapter may not be considered in calculating any limit under this section on the sum of:

- (1) the county economic development income tax rate plus the county adjusted gross income tax rate; or
- (2) the county economic development tax rate plus the county option income tax rate.

(w) The income tax rate limits imposed by subsection (c) or (x) or any other provision of this chapter do not apply to:

- (1) a county adjusted gross income tax rate imposed under IC 6-3.5-1.1-24, IC 6-3.5-1.1-25, or IC 6-3.5-1.1-26; or
- (2) a county option income tax rate imposed under IC 6-3.5-6-30, IC 6-3.5-6-31, or IC 6-3.5-6-32.

Sec. 8. If the county economic development income tax is not in effect during a county taxpayer's entire taxable year, then the amount of county economic development income tax that the county taxpayer owes for that taxable year equals the product of:

(1) the amount of county economic development income tax the county taxpayer would owe if the tax had been imposed during the county taxpayer's entire taxable year; multiplied by

Credit for taxes imposed by local governmental entities outside Indiana

Note: This version of section effective until 1-1-2017. See also following repeal of this chapter, effective 1-1-2017.

Sec. 8.1. (a) This section applies to a taxable year beginning after December 31, 2014.

(b) Except as provided in subsection (c), if for a particular taxable year a county taxpayer is liable for an income tax imposed by a county, city, town, or other local governmental entity located outside Indiana, that county taxpayer is entitled to a credit against the county

taxpayer's county economic development income tax liability for that same taxable year. The amount of the credit equals the amount of tax imposed by the other governmental entity on income derived from sources outside Indiana and subject to the county economic development income tax. However, the credit provided by this section may not reduce a county taxpayer's economic development income tax liability to an amount less than would have been owed if the income subject to taxation by the other governmental entity had been ignored.

(c) The credit provided by this section does not apply to a county taxpayer to the extent that the other governmental entity described in subsection (b) provides for a credit to the taxpayer for the amount of county economic development income taxes owed under this chapter.

(d) To claim the credit provided by this section, a county taxpayer must provide the department with satisfactory evidence that the county taxpayer is entitled to the credit.

Sec. 9. (a) If for a taxable year a county taxpayer is (or a county taxpayer and a county taxpayer's spouse who file a joint return are) allowed a credit for the elderly or individuals with a total disability under Section 22 of the Internal Revenue Code, the county taxpayer is (or the county taxpayer and the county taxpayer's spouse are) entitled to a credit against the county taxpayer's (or the county taxpayer's and the county taxpayer's spouse's) county economic development income tax liability for that same taxable year. The amount of the credit equals the lesser of:

(1) the product of:

(A) the county taxpayer's (or the county taxpayer's and the county taxpayer's spouse's) credit for the elderly or individuals with a total disability for that same taxable year; multiplied by

(B) a fraction. The numerator of the fraction is the county economic development income tax rate imposed against the county taxpayer (or against the county taxpayer and the county taxpayer's spouse). The denominator of the fraction is fifteen-hundredths (0.15); or

(2) the amount of county economic development income tax imposed on the county taxpayer (or the county taxpayer and the county taxpayer's spouse).

(b) If a county taxpayer and the county taxpayer's spouse file a joint return and are subject to different county economic development income tax rates for the same taxable year, they shall compute the

credit under this section by using the formula provided by subsection (a), except that they shall use the average of the two (2) county economic development income tax rates imposed against them as the numerator referred to in subsection (a)(1)(B).

Not later than thirty (30) days after receiving the estimate of the certified distribution, the county auditor shall notify each taxing unit entitled to receive a distribution under this chapter of the estimated amount of the distribution and other revenue that will be distributed to the taxing unit under this chapter during the ensuing calendar year. Before October 1 of each calendar year, the budget agency shall certify to the county auditor of each adopting county the sum of the amount of county economic development income tax revenue that the budget agency determines has been:

- (1) received from that county for a taxable year ending before the calendar year in which the determination is made; and
- (2) reported on an annual return or amended return processed by the department in the state fiscal year ending before July 1 of the calendar year in which the determination is made;

as adjusted for refunds of county economic development income tax made in the state fiscal year plus the amount of interest in the county's account that has been accrued and has not been included in a certification made in a preceding year. The amount certified is the county's certified distribution, which shall be distributed on the dates specified in section 16 of this chapter for the following calendar year.

(c) The amount certified under subsection (b) shall be adjusted under subsections (d), (e), (f), and (g). Not later than thirty (30) days after receiving the notice of the amount of the certified distribution, the county auditor shall notify each taxing unit entitled to receive a distribution under this chapter of the amount of distribution and other revenue that will be distributed to the taxing unit under this chapter during the ensuing calendar year. The budget agency shall provide the county council with an informative summary of the calculations used to determine the certified distribution. The summary of calculations must include:

- (1) the amount reported on individual income tax returns processed by the department during the previous fiscal year;
- (2) adjustments for over distributions in prior years;
- (3) adjustments for clerical or mathematical errors in prior years;
- (4) adjustments for tax rate changes; and
- (5) the amount of excess account balances to be distributed under IC 6-3.5-7-17.3.

(d) The budget agency shall certify an amount less than the amount determined under subsection (b) if the budget agency determines that the reduced distribution is necessary to offset overpayments made in a calendar year before the calendar year of the distribution. The budget agency may reduce the amount of the certified distribution over several calendar years so that any

overpayments are offset over several years rather than in one (1) lump sum.

(e) The budget agency shall adjust the certified distribution of a county to correct for any clerical or mathematical errors made in any previous certification under this section. The budget agency may reduce the amount of the certified distribution over several calendar years so that any adjustment under this subsection is offset over several years rather than in one (1) lump sum.

(f) The budget agency shall adjust the certified distribution of a county to provide the county with the amount of any tax increase imposed under section 26 of this chapter to provide additional homestead credits as provided in those provisions.

(g) This subsection applies to a county that imposes, increases, decreases, or rescinds a tax or tax rate under this chapter before November 1 in the same calendar year in which the budget agency makes a certification under this section. The budget agency shall adjust the certified distribution of a county to provide for a distribution in the immediately following calendar year and in each calendar year thereafter. The budget agency shall provide for a full transition to certification of distributions as provided in subsection (b)(1) through (b)(2) in the manner provided in subsection (d). If the county imposes, increases, decreases, or rescinds a tax or tax rate under this chapter after the date for which a certification under subsection (b) is based, the budget agency shall adjust the certified distribution of the county after September 30 of the calendar year. The adjustment shall reflect any other adjustment authorized under subsections (c), (d), (e), and (f). The adjusted certification shall be treated as the county's certified distribution for the immediately succeeding calendar year. The budget agency shall certify the adjusted certified distribution to the county auditor for the county and provide the county council with an informative summary of the calculations that revises the informative summary provided in subsection (c) and reflects the changes made in the adjustment.

(h) The budget agency shall before May 1 of every odd-numbered year publish an estimate of the statewide total amount of certified distributions to be made under this chapter during the following two (2) calendar years.

(i) The budget agency shall before May 1 of every even-numbered year publish an estimate of the statewide total amount of certified distributions to be made under this chapter during the following calendar year.

(j) The estimates under subsections (h) and (i) must specify the amount of the estimated certified distributions that are attributable to any additional rates authorized under this chapter.

Certified distribution; amount; adoption of ordinance; exception; fractional amounts

Note: This version of section effective until 1-1-2017. See also following repeal of this chapter, effective 1-1-2017.

Sec. 12. (a) Except as provided in sections 23, 26, 27, 27.5, 27.6, and 28 of this chapter, the county auditor shall distribute in the manner specified in this section the certified distribution to the county.

(b) Except as provided in subsections (c) and (h) and section 15 of this chapter, and subject to adjustment as provided in IC 36-8-19-7.5, the amount of the certified distribution that the county and each city or town in a county is entitled to receive each month of each year equals the product of the following:

(1) The amount of the certified distribution for that month; multiplied by

(2) A fraction. The numerator of the fraction equals the sum of:

(A) total property taxes that are first due and payable to the county, city, or town during the calendar year in which the month falls; plus

(B) for a county, the welfare allocation amount.

The denominator of the fraction equals the sum of the total property taxes that are first due and payable to the county and all cities and towns of the county during the calendar year in which the month falls, plus the welfare allocation amount. The welfare allocation amount is an amount equal to the sum of the property taxes imposed by the county in 1999 for the county's welfare fund and welfare administration fund and, if the county received a certified distribution under this chapter in 2008, the property taxes imposed by the county in 2008 for the county's county medical assistance to wards fund, family and children's fund, children's psychiatric residential treatment services fund, county hospital care for the indigent fund, and children with special health care needs county fund.

(c) This subsection applies to a county council or county income tax council that imposes a tax under this chapter after June 1, 1992. The body imposing the tax may adopt an ordinance before August 2 of a year to provide for the distribution of certified distributions under this subsection instead of a distribution under subsection (b). The following apply if an ordinance is adopted under this subsection:

(1) The ordinance is effective January 1 of the following year.

(2) Except as provided in section 26 of this chapter, the amount of the certified distribution that the county and each city and town in the county is entitled to receive during each month of each year equals the product of:

(A) the amount of the certified distribution for the month; multiplied by

(B) a fraction. For a city or town, the numerator of the fraction equals the population of the city or the town. For a

county, the numerator of the fraction equals the population of the part of the county that is not located in a city or town. The denominator of the fraction equals the sum of the population of all cities and towns located in the county and the population of the part of the county that is not located in a city or town.

(3) The ordinance may be made irrevocable for the duration of specified lease rental or debt service payments.

(d) The body imposing the tax may not adopt an ordinance under subsection (c) if, before the adoption of the proposed ordinance, any of the following have pledged the county economic development income tax for any purpose permitted by IC 5-1-14 or any other statute:

(1) The county.

(2) A city or town in the county.

(3) A commission, a board, a department, or an authority that is authorized by statute to pledge the county economic development income tax.

(e) The department of local government finance shall provide each county auditor with the fractional amount of the certified distribution that the county and each city or town in the county is entitled to receive under this section.

(f) Money received by a county, city, or town under this section shall be deposited in the unit's economic development income tax fund.

(g) Except as provided in subsection (b)(2)(B), in determining the fractional amount of the certified distribution the county and its cities and towns are entitled to receive under subsection (b) during a calendar year, the department of local government finance shall consider only property taxes imposed on tangible property subject to assessment in that county.

(h) In a county having a consolidated city, only the consolidated city is entitled to the certified distribution, subject to the requirements of sections 15 and 26 of this chapter.

Economic development income tax funds; deposits; uses

Note: This version of section effective until 1-1-2017. See also following repeal of this chapter, effective 1-1-2017.

Sec. 13.1. (a) The fiscal officer of each county, city, or town for a county in which the county economic development tax is imposed shall establish an economic development income tax fund. Except as provided in sections 23, 26, 27, 27.5, and 27.6 of this chapter, the revenue received by a county, city, or town under this chapter shall be deposited in the unit's economic development income tax fund.

(b) As used in this subsection, "homestead" means a homestead that is eligible for a standard deduction under IC 6-1.1-12-37. Except as provided in sections 15, 23, 26, 27, 27.5, and 27.6 of this chapter, revenues from the county economic development income tax may be used as follows:

- (1) By a county, city, or town for economic development projects, for paying, notwithstanding any other law, under a written agreement all or a part of the interest owed by a private developer or user on a loan extended by a financial institution or other lender to the developer or user if the proceeds of the loan are or are to be used to finance an economic development project, for the retirement of bonds under section 14 of this chapter for economic development projects, for leases under section 21 of this chapter, or for leases or bonds entered into or issued prior to the date the economic development income tax was imposed if the purpose of the lease or bonds would have

qualified as a purpose under this chapter at the time the lease was entered into or the bonds were issued.

(2) By a county, city, or town for:

(A) the construction or acquisition of, or remedial action with respect to, a capital project for which the unit is empowered to issue general obligation bonds or establish a fund under any statute listed in IC 6-1.1-18.5-9.8;

(G) funding of a revolving fund established under IC 5-1-14-14.

(3) By a county, city, or town for any lawful purpose for which money in any of its other funds may be used.

(4) By a city or county described in IC 36-7.5-2-3(b) (other than Hammond, Gary, East Chicago, and Lake County) for making transfers required by IC 36-7.5-4-2. If the county economic development income tax rate is increased after April 30, 2005, in Porter County, the first three million five hundred thousand dollars (\$3,500,000) of the tax revenue that results each year from the tax rate increase shall be used by the county or by eligible municipalities (as defined in IC 36-7.5-1-11.3) in the county only to make the county's transfer required by IC 36-7.5-4-2. The first three million five hundred thousand dollars (\$3,500,000) of the tax revenue that results each year from the tax rate increase shall be paid by the county treasurer to the treasurer of the northwest Indiana regional development authority under IC 36-7.5-4-2 before certified distributions are made to the county or any cities or towns in the county under this chapter from the tax revenue that results each year from the tax rate increase. If Porter County ceases to be a member of the northwest Indiana regional development authority under IC 36-7.5 but two (2) or more municipalities in the county have become members of the northwest Indiana regional development authority as authorized by IC 36-7.5-2-3(i), the county treasurer shall continue to transfer the three million five hundred thousand dollars (\$3,500,000) to the treasurer of the northwest Indiana regional development authority under IC 36-7.5-4-2 before certified distributions are made to the county or any cities or towns in the county. In Porter County, all

of the tax revenue that results each year from the tax rate increase that is in excess of the first three million five hundred thousand dollars (\$3,500,000) that results each year from the tax rate increase must be used by the county and cities and towns in the county for homestead credits under subdivision (5).

(5) This subdivision applies only in Porter County. All of the tax revenue that results each year from a tax rate increase described in subdivision (4) that is in excess of the first three million five hundred thousand dollars (\$3,500,000) that results each year from the tax rate increase must be used by the county and cities and towns in the county for homestead credits under this subdivision. The following apply to homestead credits provided under this subdivision:

(A) The homestead credits must be applied uniformly to provide a homestead credit for homesteads in the county, city, or town.

(B) The homestead credits shall be treated for all purposes as property tax levies.

(C) The homestead credits shall be applied to the net property taxes due on the homestead after the application of all other assessed value deductions or property tax deductions and credits that apply to the amount owed under IC 6-1.1.

(D) The department of local government finance shall determine the homestead credit percentage for a particular year based on the amount of county economic development income tax revenue that will be used under this subdivision to provide homestead credits in that year.

(C) The homestead credits must be applied uniformly to increase the homestead credit under IC 6-1.1-20.9 (repealed) for homesteads in the county, city, or town (for property taxes first due and payable before January 1, 2009) or to provide a homestead credit for homesteads in the county, city, or town (for property taxes first due and payable after

December 31, 2008).

(D) The homestead credits shall be treated for all purposes as property tax levies.

(E) The homestead credits shall be applied to the net property taxes due on the homestead after the application of all other assessed value deductions or property tax deductions and credits that apply to the amount owed under IC 6-1.1.

(F) The department of local government finance shall determine the homestead credit percentage for a particular year based on the amount of county economic development income tax revenue that will be used under this subdivision to provide homestead credits in that year.

(7) For a regional venture capital fund established under section 13.5 of this chapter or a local venture capital fund established under section 13.6 of this chapter.

(8) This subdivision applies only to LaPorte County, if:

(A) the county fiscal body has adopted an ordinance under IC 36-7.5-2-3(e) providing that the county is joining the northwest Indiana regional development authority; and

(B) the fiscal body of the city described in IC 36-7.5-2-3(e) has adopted an ordinance under IC 36-7.5-2-3(e) providing that the city is joining the development authority.

Revenue from the county economic development income tax may be used by a county or a city described in this subdivision for making transfers required by IC 36-7.5-4-2. In addition, if the county economic development income tax rate is increased after June 30, 2006, in the county, the first three million five hundred thousand dollars (\$3,500,000) of the tax revenue that results each year from the tax rate increase shall be used by the county only to make the county's transfer required by IC 36-7.5-4-2. The first three million five hundred thousand dollars (\$3,500,000) of the tax revenue that results each year from the tax rate increase shall be paid by the county treasurer to the treasurer of the northwest Indiana regional development authority under IC 36-7.5-4-2 before certified distributions are made to the county or any cities or towns in the county under this chapter from the tax revenue that results each year from the tax rate increase. All of the tax revenue that results each year from the tax rate increase that is in excess of the first three million five hundred thousand dollars (\$3,500,000) that results each year from the tax rate increase must be used by the county and cities and towns in the county for homestead credits under subdivision (9).

(9) This subdivision applies only to LaPorte County. All of the tax revenue that results each year from a tax rate increase described in subdivision (8) that is in excess of the first three million five hundred thousand dollars (\$3,500,000) that results each year from the tax rate increase must be used by the county

(D) The department of local government finance shall determine the homestead credit percentage for a particular year based on the amount of county economic development income tax revenue that will be used under this subdivision to provide homestead credits in that year.

Bonds; debt service requirements; sale; covenant protecting bondholders

Note: This version of section effective until 1-1-2017. See also following repeal of this chapter, effective 1-1-2017.

Sec. 14. (a) The fiscal body of a county, city, or town may issue bonds payable from the county economic development income tax. The bonds must be for economic development projects (as defined in section 13.1 of this chapter).

(b) The fiscal body of a county, city, or town may issue bonds payable from the county economic development income tax for any capital project for which the fiscal body is authorized to issue general obligation bonds. The bonds issued under this section may be payable from the county economic development income tax if the county option income tax or the county adjusted gross income tax is also in effect in the county at the time the bonds are issued.

(c) If there are bonds outstanding that have been issued under this section, or leases in effect under section 21 of this chapter, the body that imposed the county economic development income tax may not reduce the county economic development income tax rate below a rate that would produce one and twenty-five hundredths (1.25) times the total of the highest annual debt service on the bonds to their final maturity, plus the highest annual lease payments, unless:

(1) the body that imposed the economic development income tax; or

(2) any city, town, or county;

pledges all or a portion of its distributive share for the life of the bonds or the term of the lease, in an amount that is sufficient, when combined with the amount pledged by the city, town, or county that issued the bonds, to produce one and twenty-five hundredths (1.25) times the total of the highest annual debt service plus the highest annual lease payments.

(d) For purposes of subsection (c), the determination of a tax rate sufficient to produce one and twenty-five hundredths (1.25) times the total of the highest annual debt service plus the highest annual lease payments shall be based on an average of the immediately preceding three (3) years tax collections, if the tax has been imposed for the last preceding three (3) years. If the tax has not been imposed for the last preceding three (3) years, the body that imposed the tax may not reduce the rate below a rate that would produce one and twenty-five hundredths (1.25) times the total of the highest annual debt service, plus the highest annual lease payments, based upon a study by a qualified public accountant or financial advisor.

(e) IC 6-1.1-20 does not apply to the issuance of bonds under this section.

(f) Bonds issued under this section may be sold at a public sale in accordance with IC 5-1-11 or may be sold at a negotiated sale.

(g) After a sale of bonds under this section, the county auditor shall prepare a debt service schedule for the bonds.

(h) The general assembly covenants that it will not repeal or amend this chapter in a manner that would adversely affect owners of outstanding bonds issued, or payment of any lease rentals due, under this section.

Note: This version of section effective until 1-1-2017. See also following repeal of this chapter, effective 1-1-2017.

Sec. 15. (a) The executive of a county, city, or town may, subject to the use of the certified distribution permitted under section 26 of this chapter:

- (1) adopt a capital improvement plan specifying the uses of the revenues to be received under this chapter; or
- (2) designate the county or a city or town in the county as the recipient of all or a part of its share of the distribution.

(b) If a designation is made under subsection (a)(2), the county treasurer shall transfer the share or part of the share to the designated unit unless that unit does not have a capital improvement plan.

(c) A county, city, or town that fails to adopt a capital improvement plan may not receive:

- (1) its fractional amount of the certified distribution; or
- (2) any amount designated under subsection (a)(2);

for the year or years in which the unit does not have a plan. The county treasurer shall retain the certified distribution and any designated distribution for such a unit in a separate account until the unit adopts a plan. Interest on the separate account becomes part of the account. If a unit fails to adopt a plan for a period of three (3) years, then the balance in the separate account shall be distributed to the other units in the county based on property taxes first due and payable to the units during the calendar year in which the three (3) year period expires.

(d) A capital improvement plan must include the following components:

- (1) Identification and general description of each project that would be funded by the county economic development income tax.
- (2) The estimated total cost of the project.
- (3) Identification of all sources of funds expected to be used for each project.
- (4) The planning, development, and construction schedule of each project.

(e) A capital improvement plan:

- (1) must encompass a period of no less than two (2) years; and
- (2) must incorporate projects the cost of which is at least seventy-five percent (75%) of the fractional amount certified distribution expected to be received by the county, city, or town in that period of time.

(f) In making a designation under subsection (a)(2), the executive must specify the purpose and duration of the designation. If the designation is made to provide for the payment of lease rentals or

bond payments, the executive may specify that the designation and its duration are irrevocable.

Leases; terms; public hearing; approval; execution; notice; action contesting validity; purchase of leased facility

Note: This version of section effective until 1-1-2017. See also following repeal of this chapter, effective 1-1-2017.

Sec. 21. (a) A unit may enter into a lease with a leasing body (as defined in IC 5-1-1-1) of any property that could be financed with the proceeds of bonds issued under this chapter with a lessor for a term not to exceed fifty (50) years, and the lease may provide for payments from revenues under this chapter, any other revenue available to the unit, or any combination of these sources.

(b) A lease may provide that payments by the unit to the lessor are required only to the extent and only for the period that the lessor is

able to provide the leased facilities in accordance with the lease. The terms of each lease must be based upon the value of the facilities leased and may not create a debt of the unit for purposes of the Constitution of the State of Indiana.

(c) A lease may be entered into by the executive of the unit only after a public hearing at which all interested parties are provided the opportunity to be heard. After the public hearing, the executive may approve the execution of the lease on behalf of the unit if the executive finds that the service to be provided throughout the term of the lease will serve the public purpose of the unit and is in the best interests of its residents. Any lease approved by the executive must also be approved by an ordinance of the fiscal body of the unit.

(d) Upon execution of a lease providing for payments by the unit in whole or in part from taxes under this chapter and upon approval of the lease by the unit's fiscal body, the executive of the unit shall publish notice of the execution of the lease and its approval in accordance with IC 5-3-1.

(e) Except as provided in this section, no approvals of any governmental body or agency are required before the unit enters into a lease under this section.

(g) If a unit exercises an option to buy a leased facility from a lessor, the unit may subsequently sell the leased facility, without regard to any other statute, to the lessor at the end of the lease term at a price set forth in the lease or at fair market value established at the time of the sale by the executive of the unit through auction, appraisal, or arms length negotiation. If the facility is sold at auction, after appraisal, or through negotiation, the unit shall conduct a hearing after public notice in accordance with IC 5-3-1 before the sale. Any action to contest the sale must be brought within fifteen (15) days of the hearing.

Randolph County; additional rate for hospital, county courthouse, and volunteer fire department

Note: This version of section effective until 1-1-2017. See also following repeal of this chapter, effective 1-1-2017.

Sec. 22.5. (a) This section applies to Randolph County.

(b) In addition to the rates permitted by section 5 of this chapter,

the county council may impose the county economic development income tax at a rate of twenty-five hundredths percent (0.25%) on the adjusted gross income of county taxpayers if the county council makes the finding and determination set forth in subsection (c).

(c) In order to impose the county economic development income tax as provided in this section, the county council must adopt an ordinance finding and determining that revenues from the county economic development income tax are needed to pay the costs of:

(1) financing, constructing, acquiring, renovating, and equipping the county courthouse, and financing and renovating the former county hospital for additional office space, educational facilities, nonsecure juvenile facilities, and other county functions, including the repayment of bonds issued, or leases entered into for constructing, acquiring, renovating, and equipping the county courthouse and for renovating the former county hospital for additional office space, educational facilities, nonsecure juvenile facilities, and other county functions;

(2) financing constructing, acquiring, renovating, and equipping buildings for a volunteer fire department (as defined in IC 36-8-12-2) that provides services in any part of the county; and

(3) financing constructing, acquiring, and renovating firefighting apparatus or other related equipment for a volunteer fire department (as defined in IC 36-8-12-2) that provides services in any part of the county.

(d) If the county council makes a determination under subsection (c), the county council may adopt a tax rate under subsection (b). The tax rate may not be imposed at a rate or for a time greater than is necessary to pay for the purposes described in this section.

(e) The county treasurer shall establish a county option tax revenue fund to be used only for the purposes described in this section. County economic development income tax revenues derived from the tax rate imposed under this section shall be deposited in the county option tax revenue fund before making a certified distribution under section 11 of this chapter.

(f) County economic development income tax revenues derived from the tax rate imposed under this section:

(1) may only be used for the purposes described in this section;

(2) may not be considered by the department of local government finance in determining the county's maximum permissible property tax levy limit under IC 6-1.1-18.5; and

(3) may be pledged to the repayment of bonds issued, or leases entered into, for the purposes described in subsection (c).

(g) Randolph County possesses:

(1) unique fiscal challenges to finance the operations of county government due to the county's ongoing obligation to repay amounts received by the county due to an overpayment of the county's certified distribution under IC 6-3.5-1.1-9 for a prior

year; and

(2) unique capital financing needs related to the purposes described in subsection (c).

IC 6-3.5-7-23 Version a

Hancock County; library property taxes; replacement credits

Note: This version of section effective until 1-1-2017. See also following repeal of this chapter, effective 1-1-2017.

Sec. 23. (a) This section applies only to Hancock County.

(b) The county council may by ordinance determine that, in order to promote the development of libraries in the county and thereby encourage economic development, it is necessary to use economic development income tax revenue to replace library property taxes in the county. However, a county council may adopt an ordinance under this subsection only if all territory in the county is included in a library district.

(c) If the county council makes a determination under subsection (b), the county council may designate the county economic development income tax revenue generated by the tax rate adopted under section 5 of this chapter, or revenue generated by a portion of the tax rate, as revenue that will be used to replace public library property taxes imposed by public libraries in the county. The county council may not designate for library property tax replacement purposes any county economic development income tax revenue that is generated by a tax rate of more than fifteen-hundredths percent (0.15%).

(d) The county treasurer shall establish a library property tax replacement fund to be used only for the purposes described in this section. County economic development income tax revenues derived from the portion of the tax rate designated for property tax replacement credits under subsection (c) shall be deposited in the library property tax replacement fund before certified distributions are made under section 12 of this chapter. Any interest earned on money in the library property tax replacement fund shall be credited to the library property tax replacement fund.

(e) The amount of county economic development income tax revenue dedicated to providing library property tax replacement credits shall, in the manner prescribed in this section, be allocated to public libraries operating in the county and shall be used by those public libraries as property tax replacement credits. The amount of property tax replacement credits that each public library in the county is entitled to receive during a calendar year under this section equals the lesser of:

(1) the product of:

(A) the amount of revenue deposited by the county auditor

in the library property tax replacement fund; multiplied by
(B) a fraction described as follows:

(i) The numerator of the fraction equals the sum of the total property taxes that would have been collected by the public library during the previous calendar year from taxpayers located within the library district if the property tax replacement under this section had not been in effect.

(ii) The denominator of the fraction equals the sum of the total property taxes that would have been collected during the previous year from taxpayers located within the county by all public libraries that are eligible to receive property tax replacement credits under this section if the property tax replacement under this section had not been in effect;
or

(2) the total property taxes that would otherwise be collected by the public library for the calendar year if the property tax replacement credit under this section were not in effect.

The department of local government finance shall make any adjustments necessary to account for the expansion of a library district. However, a public library is eligible to receive property tax replacement credits under this section only if it has entered into reciprocal borrowing agreements with all other public libraries in the county. If the total amount of county economic development income tax revenue deposited by the county auditor in the library property tax replacement fund for a calendar year exceeds the total property tax liability that would otherwise be imposed for public libraries in the county for the year, the excess shall remain in the library property tax replacement fund and shall be used for library property tax replacement purposes in the following calendar year.

(f) Notwithstanding subsection (e), if a public library did not impose a property tax levy during the previous calendar year, that public library is entitled to receive a part of the property tax replacement credits to be distributed for the calendar year. The amount of property tax replacement credits the public library is entitled to receive during the calendar year equals the product of:

(1) the amount of revenue deposited in the library property tax replacement fund; multiplied by

(2) a fraction. The numerator of the fraction equals the budget of the public library for that calendar year. The denominator of the fraction equals the aggregate budgets of public libraries in the county for that calendar year.

If for a calendar year a public library is allocated a part of the property tax replacement credits under this subsection, then the amount of property tax credits distributed to other public libraries in the county for the calendar year shall be reduced by the amount to be distributed as property tax replacement credits under this subsection. The department of local government finance shall make any adjustments required by this subsection and provide the adjustments to the county auditor.

(g) The department of local government finance shall inform the county auditor of the amount of property tax replacement credits that each public library in the county is entitled to receive under this section. The county auditor shall certify to each public library the amount of property tax replacement credits that the public library is entitled to receive during that calendar year. The county auditor shall also certify these amounts to the county treasurer.

(h) A public library receiving property tax replacement credits under this section shall allocate the credits among each fund for which a distinct property tax levy is imposed. The amount that must be allocated to each fund equals:

(1) the amount of property tax replacement credits provided to the public library under this section; multiplied by

(2) the amount determined in STEP THREE of the following formula:

STEP ONE: Determine the property taxes that would have been collected for each fund by the public library during the previous calendar year if the property tax replacement under this section had not been in effect.

STEP TWO: Determine the sum of the total property taxes that would have been collected for all funds by the public library during the previous calendar year if the property tax replacement under this section had not been in effect.

STEP THREE: Divide the STEP ONE amount by the STEP TWO amount.

However, if a public library did not impose a property tax levy during the previous calendar year or did not impose a property tax levy for a particular fund during the previous calendar year, but the public library is imposing a property tax levy in the current calendar year or is imposing a property tax levy for the particular fund in the current calendar year, the department of local government finance shall adjust the amount of property tax replacement credits allocated among the various funds of the public library and shall provide the adjustment to the county auditor. If a public library receiving property tax replacement credits under this section does not impose a property tax levy for a particular fund that is first due and payable in a calendar year in which the property tax replacement credits are being distributed, the public library is not required to allocate to that fund a part of the property tax replacement credits to be distributed to the public library. Notwithstanding IC 6-1.1-20-1.1(1), a public library that receives property tax replacement credits under this section is subject to the procedures for the issuance of bonds set forth in IC 6-1.1-20.

(i) For each public library that receives property tax credits under this section, the department of local government finance shall certify to the county auditor the property tax rate applicable to each fund after the property tax replacement credits are allocated.

(j) A public library shall treat property tax replacement credits received during a particular calendar year under this section as a part

of the public library's property tax levy for each fund for that same calendar year for purposes of fixing the public library's budget and for purposes of the property tax levy limits imposed by IC 6-1.1-18.5.

(k) For the purpose of computing and distributing certified distributions under IC 6-3.5-1.1 and tax revenue under IC 6-5.5 or IC 6-6-5, the property tax replacement credits that are received under this section shall be treated as though they were property taxes that were due and payable during that same calendar year.

Knox County; additional rate for county jail facilities; fund; use of additional revenue

Note: This version of section effective until 1-1-2017. See also following repeal of this chapter, effective 1-1-2017.

Sec. 24. (a) This section applies to Knox County.

(b) In addition to the rates permitted by section 5 of this chapter, the county council may impose the county economic development income tax at a rate of twenty-five hundredths percent (0.25%) on the adjusted gross income of county taxpayers if the county council makes the finding and determination set forth in subsection (c).

(c) In order to impose the county economic development income tax as provided in this section, the county council must adopt an ordinance finding and determining that revenues from the county economic development income tax are needed to pay the costs of financing, constructing, acquiring, renovating, and equipping a county jail including the repayment of bonds issued, or leases entered into, for constructing, acquiring, renovating, and equipping a county jail.

(d) If the county council makes a determination under subsection (c), the county council may adopt a tax rate under subsection (b). The tax rate may not be imposed at a rate or for a time greater than is necessary to pay the costs of financing, constructing, acquiring, renovating, and equipping a county jail.

(e) The county treasurer shall establish a county jail revenue fund to be used only for the purposes described in this section. County economic development income tax revenues derived from the tax rate imposed under this section shall be deposited in the county jail revenue fund before making a certified distribution under section 11 of this chapter.

(f) County economic development income tax revenues derived from the tax rate imposed under this section:

- (1) may only be used for the purposes described in this section;
- (2) may not be considered by the department of local government finance in determining the county's maximum permissible property tax levy limit under IC 6-1.1-18.5; and
- (3) may be pledged to the repayment of bonds issued, or leases

entered into, for the purposes described in subsection (c).

IC 6-3.5-7-26 Version a

Additional tax rate to mitigate effect of inventory deduction; additional rate for public transportation

Note: This version of section effective until 1-1-2016. See also following version of this section, effective 1-1-2016, and following repeal of this chapter, effective 1-1-2017.

Sec. 26. (a) This section applies only to the following:

- (1) Taxes imposed under this chapter to provide homestead and property tax replacement credits for property taxes first due and payable after calendar year 2006.
- (2) Taxes imposed under this chapter to fund a public transportation project under subsection (m).

(b) The following definitions apply throughout this section:

- (1) "Adopt" includes amend.
- (2) "Adopting entity" means:
 - (A) the entity that adopts an ordinance under IC 6-1.1-12-41(f); or
 - (B) any other entity that may impose a county economic development income tax under section 5 of this chapter.
- (3) "Homestead" refers to tangible property that is eligible for a homestead credit under IC 6-1.1-20.9 (repealed) or the standard deduction under IC 6-1.1-12-37.
- (4) "Residential" refers to the following:
 - (A) Real property, a mobile home, and industrialized housing that would qualify as a homestead if the taxpayer had filed for a homestead credit under IC 6-1.1-20.9 (repealed) or the standard deduction under IC 6-1.1-12-37.
 - (B) Real property not described in clause (A) designed to provide units that are regularly used to rent or otherwise furnish residential accommodations for periods of thirty (30) days or more, regardless of whether the tangible property is subject to assessment under rules of the department of local government finance that apply to:
 - (i) residential property; or

(ii) commercial property.

(c) This subsection does not apply to a county in which the county fiscal body adopts an ordinance to provide for the use of the certified distribution described in section 16 of this chapter to fund a public transportation project under IC 8-25. An adopting entity may adopt an ordinance to provide for the use of the certified distribution described in section 16 of this chapter for the purpose provided in subsection (e). An adopting entity that adopts an ordinance under this subsection shall use the procedures set forth in IC 6-3.5-6 concerning the adoption of an ordinance for the imposition of the county option income tax. The ordinance may provide for an additional rate under section 5(o) of this chapter. An ordinance adopted under this subsection:

- (1) first applies to the certified distribution described in section 16 of this chapter made in the later of the calendar year that immediately succeeds the calendar year in which the ordinance is adopted or calendar year 2007; and
- (2) must specify that the certified distribution must be used to provide for one (1) of the following, as determined by the adopting entity:
 - (A) Uniformly applied homestead credits as provided in subsection (f).
 - (B) Uniformly applied residential credits as provided in subsection (g).
 - (C) Allocated homestead credits as provided in subsection (i).
 - (D) Allocated residential credits as provided in subsection (j).

An ordinance adopted under this subsection may be combined with an ordinance adopted under section 25 of this chapter (before its repeal).

(d) If an ordinance is adopted under subsection (c), the percentage of the certified distribution specified in the ordinance for use for the purpose provided in subsection (e) shall be:

- (1) retained by the county auditor under subsection (k); and
- (2) used for the purpose provided in subsection (e) instead of the purposes specified in the capital improvement plans adopted under section 15 of this chapter.

(e) If an ordinance is adopted under subsection (c), the adopting entity shall use the certified distribution described in section 16 of this chapter to provide:

- (1) if the ordinance grants a credit described in subsection (c)(2)(A) or (c)(2)(C), a homestead credit for homesteads; or
- (2) if the ordinance grants a credit described in subsection (c)(2)(B) or (c)(2)(D), a property tax replacement credit for residential property;

for property taxes to offset the effect on homesteads or residential property, as applicable, in the county resulting from the statewide deduction for inventory under IC 6-1.1-12-42 or from the exclusion

in 2008 of inventory from the definition of personal property in IC 6-1.1-1-11. The amount of a residential property tax replacement credit granted under this section may not be considered in computing the amount of any homestead credit to which the residential property may be entitled under IC 6-1.1-20.9 (before its repeal) or another law other than IC 6-1.1-20.6.

(f) If the imposing entity specifies the application of uniform homestead credits under subsection (c)(2)(A), the county auditor shall, for each calendar year in which a homestead credit percentage is authorized under this section, determine:

- (1) the amount of the certified distribution that is available to provide a homestead credit percentage under this section for the year;
- (2) the amount of uniformly applied homestead credits for the year in the county that equals the amount determined under subdivision (1); and
- (3) the percentage of homestead credit under this section that equates to the amount of homestead credits determined under subdivision (2).

(g) If the imposing entity specifies the application of uniform residential credits under subsection (c)(2)(B), the county auditor shall determine for each calendar year in which a homestead credit percentage is authorized under this section:

- (1) the amount of the certified distribution that is available to provide a residential property tax replacement credit percentage for the year;
- (2) the amount of uniformly applied residential property tax replacement credits for the year in the county that equals the amount determined under subdivision (1); and
- (3) the percentage of residential property tax replacement credit under this section that equates to the amount of residential property tax replacement credits determined under subdivision (2).

(h) The percentage of homestead credit determined by the county auditor under subsection (f) or the percentage of residential property tax replacement credit determined by the county auditor under subsection (g) applies uniformly in the county in the calendar year for which the percentage is determined.

(i) If the imposing entity specifies the application of allocated homestead credits under subsection (c)(2)(C), the county auditor shall, for each calendar year in which a homestead credit is authorized under this section, determine:

- (1) the amount of the certified distribution that is available to provide a homestead credit under this section for the year; and
- (2) except as provided in subsection (1), a percentage of homestead credit for each taxing district in the county that allocates to the taxing district an amount of homestead credits that bears the same proportion to the amount determined under subdivision (1) that the amount of inventory assessed value

deducted under IC 6-1.1-12-42 in the taxing district for the assessment date in 2006 bears to the total inventory assessed value deducted under IC 6-1.1-12-42 in the county for the assessment date in 2006.

(j) If the imposing entity specifies the application of allocated residential property tax replacement credits under subsection (c)(2)(D), the county auditor shall determine for each calendar year in which a residential property tax replacement credit is authorized under this section:

(1) the amount of the certified distribution that is available to provide a residential property tax replacement credit under this section for the year; and

(2) except as provided in subsection (1), a percentage of residential property tax replacement credit for each taxing district in the county that allocates to the taxing district an amount of residential property tax replacement credits that bears the same proportion to the amount determined under subdivision (1) that the amount of inventory assessed value deducted under IC 6-1.1-12-42 in the taxing district for the assessment date in 2006 bears to the total inventory assessed value deducted under IC 6-1.1-12-42 in the county for the assessment date in 2006.

(k) This subsection does not apply to a county in which the county fiscal body adopts an ordinance to provide for the use of the certified distribution described in section 16 of this chapter to fund a public transportation project under IC 8-25. The county auditor shall retain from the payments of the county's certified distribution an amount equal to the revenue lost, if any, due to the homestead credit or residential property tax replacement credit provided under this section within the county. The money shall be distributed to the civil taxing units and school corporations of the county:

(1) as if the money were from property tax collections; and

(2) in such a manner that no civil taxing unit or school corporation will suffer a net revenue loss because of the allowance of a homestead credit or residential property tax replacement credit under this section.

(l) This subsection does not apply to a county in which the county fiscal body adopts an ordinance to provide for the use of the certified distribution described in section 16 of this chapter to fund a public transportation project under IC 8-25. Subject to the approval of the imposing entity, the county auditor may adjust the increased percentage of:

(1) homestead credit determined under subsection (i)(2) if the county auditor determines that the adjustment is necessary to achieve an equitable reduction of property taxes among the homesteads in the county; or

(2) residential property tax replacement credit determined under subsection (j)(2) if the county auditor determines that the adjustment is necessary to achieve an equitable reduction of property taxes among the residential property in the county.

(m) This section applies to Hamilton County and Marion County. If the voters of a county approve a local public question under IC 8-25-2, the fiscal body of the county may adopt an ordinance to provide for the use of the certified distribution described in section 16 of this chapter to fund a public transportation project under IC 8-25. However, a county fiscal body shall adopt an ordinance under this subsection if required by IC 8-25-6-10 to impose an additional tax rate on the county taxpayers who reside in a township in which the voters approve a public transportation project in a local public question held under IC 8-25-6. An ordinance adopted under this subsection must specify an additional tax rate to be imposed in the county (or township in the case of an additional rate required by IC 8-25-6-10) of at least one-tenth percent (0.1%), but not more than twenty-five hundredths percent (0.25%). If an ordinance is adopted under this subsection, the amount of the certified distribution attributable to the additional tax rate specified in the ordinance and authorized by section 5(o) of this chapter to fund a public transportation project under IC 8-25 must be:

- (1) retained by the county auditor;
- (2) deposited in the public transportation project fund established under IC 8-25-3-7; and
- (3) used for the purpose provided in this subsection instead of the purposes specified in the capital improvement plan adopted under section 15 of this chapter.

Note: This version of section effective 1-1-2016 until 1-1-2017. See also preceding version of this section, effective until 1-1-2016, and following repeal of this chapter, effective 1-1-2017.

Sec. 26. (a) This section applies only to the following:

- (1) Taxes imposed under this chapter to provide homestead and property tax replacement credits for property taxes first due and payable after calendar year 2006.
- (2) Taxes imposed under this chapter to fund a public transportation project under subsection (m).

(b) The following definitions apply throughout this section:

- (1) "Adopt" includes amend.
- (2) "Adopting entity" means an entity that may impose a county economic development income tax under section 5 of this chapter.
- (3) "Homestead" refers to tangible property that is eligible for a homestead credit under IC 6-1.1-20.9 (repealed) or the

standard deduction under IC 6-1.1-12-37.

(4) "Residential" refers to the following:

(A) Real property, a mobile home, and industrialized housing that would qualify as a homestead if the taxpayer had filed for a homestead credit under IC 6-1.1-20.9 (repealed) or the standard deduction under IC 6-1.1-12-37.

(B) Real property not described in clause (A) designed to provide units that are regularly used to rent or otherwise furnish residential accommodations for periods of thirty (30) days or more, regardless of whether the tangible property is subject to assessment under rules of the department of local government finance that apply to:

- (i) residential property; or
- (ii) commercial property.

(c) This subsection does not apply to a county in which the county fiscal body adopts an ordinance to provide for the use of the certified distribution described in section 16 of this chapter to fund a public transportation project under IC 8-25. An adopting entity may adopt an ordinance to provide for the use of the certified distribution described in section 16 of this chapter for the purpose provided in subsection (e). An adopting entity that adopts an ordinance under this subsection shall use the procedures set forth in IC 6-3.5-6 concerning the adoption of an ordinance for the imposition of the county option income tax. The ordinance may provide for an additional rate under section 5(o) of this chapter. An ordinance adopted under this subsection:

(1) first applies to the certified distribution described in section 16 of this chapter made in the later of the calendar year that immediately succeeds the calendar year in which the ordinance is adopted or calendar year 2007; and

(2) must specify that the certified distribution must be used to provide for one (1) of the following, as determined by the adopting entity:

(A) Uniformly applied homestead credits as provided in subsection (f).

(B) Uniformly applied residential credits as provided in subsection (g).

(C) Allocated homestead credits as provided in subsection (i).

An ordinance adopted under this subsection may be combined with an ordinance adopted under section 25 of this chapter (before its repeal).

(d) If an ordinance is adopted under subsection (c), the percentage of the certified distribution specified in the ordinance for use for the purpose provided in subsection (e) shall be:

(1) retained by the county auditor under subsection (k); and

(2) used for the purpose provided in subsection (e) instead of the

purposes specified in the capital improvement plans adopted under section 15 of this chapter.

(e) If an ordinance is adopted under subsection (c), the adopting entity shall use the certified distribution described in section 16 of this chapter to provide:

- (1) if the ordinance grants a credit described in subsection (c)(2)(A) or (c)(2)(C), a homestead credit for homesteads; or
- (2) if the ordinance grants a credit described in subsection (c)(2)(B) or (c)(2)(D), a property tax replacement credit for residential property;

for property taxes to offset the effect on homesteads or residential property, as applicable, in the county resulting from the statewide deduction for inventory under IC 6-1.1-12-42 or from the exclusion in 2008 of inventory from the definition of personal property in IC 6-1.1-1-11. The amount of a residential property tax replacement credit granted under this section may not be considered in computing the amount of any homestead credit to which the residential property may be entitled under IC 6-1.1-20.9 (before its repeal) or another law other than IC 6-1.1-20.6.

(f) If the imposing entity specifies the application of uniform homestead credits under subsection (c)(2)(A), the county auditor shall, for each calendar year in which a homestead credit percentage is authorized under this section, determine:

- (1) the amount of the certified distribution that is available to provide a homestead credit percentage under this section for the year;
- (2) the amount of uniformly applied homestead credits for the year in the county that equals the amount determined under subdivision (1); and
- (3) the percentage of homestead credit under this section that equates to the amount of homestead credits determined under subdivision (2).

(g) If the imposing entity specifies the application of uniform residential credits under subsection (c)(2)(B), the county auditor shall determine for each calendar year in which a homestead credit percentage is authorized under this section:

- (1) the amount of the certified distribution that is available to provide a residential property tax replacement credit percentage for the year;
- (2) the amount of uniformly applied residential property tax replacement credits for the year in the county that equals the amount determined under subdivision (1); and
- (3) the percentage of residential property tax replacement credit under this section that equates to the amount of residential property tax replacement credits determined under subdivision (2).

(h) The percentage of homestead credit determined by the county auditor under subsection (f) or the percentage of residential property tax replacement credit determined by the county auditor under

subsection (g) applies uniformly in the county in the calendar year for which the percentage is determined.

(i) If the imposing entity specifies the application of allocated homestead credits under subsection (c)(2)(C), the county auditor shall, for each calendar year in which a homestead credit is authorized under this section, determine:

- (1) the amount of the certified distribution that is available to provide a homestead credit under this section for the year; and
- (2) except as provided in subsection (1), a percentage of homestead credit for each taxing district in the county that allocates to the taxing district an amount of homestead credits that bears the same proportion to the amount determined under subdivision (1) that the amount of inventory assessed value deducted under IC 6-1.1-12-42 in the taxing district for the assessment date in 2006 bears to the total inventory assessed value deducted under IC 6-1.1-12-42 in the county for the assessment date in 2006.

(j) If the imposing entity specifies the application of allocated residential property tax replacement credits under subsection (c)(2)(D), the county auditor shall determine for each calendar year in which a residential property tax replacement credit is authorized under this section:

- (1) the amount of the certified distribution that is available to provide a residential property tax replacement credit under this section for the year; and
- (2) except as provided in subsection (1), a percentage of residential property tax replacement credit for each taxing district in the county that allocates to the taxing district an amount of residential property tax replacement credits that bears the same proportion to the amount determined under subdivision (1) that the amount of inventory assessed value deducted under IC 6-1.1-12-42 in the taxing district for the assessment date in 2006 bears to the total inventory assessed value deducted under IC 6-1.1-12-42 in the county for the assessment date in 2006.

(k) This subsection does not apply to a county in which the county fiscal body adopts an ordinance to provide for the use of the certified distribution described in section 16 of this chapter to fund a public transportation project under IC 8-25. The county auditor shall retain from the payments of the county's certified distribution an amount equal to the revenue lost, if any, due to the homestead credit or residential property tax replacement credit provided under this section within the county. The money shall be distributed to the civil taxing units and school corporations of the county:

- (1) as if the money were from property tax collections; and
- (2) in such a manner that no civil taxing unit or school corporation will suffer a net revenue loss because of the allowance of a homestead credit or residential property tax replacement credit under this section.

(l) This subsection does not apply to a county in which the county

fiscal body adopts an ordinance to provide for the use of the certified distribution described in section 16 of this chapter to fund a public transportation project under IC 8-25. Subject to the approval of the imposing entity, the county auditor may adjust the increased percentage of:

(1) homestead credit determined under subsection (i)(2) if the county auditor determines that the adjustment is necessary to achieve an equitable reduction of property taxes among the homesteads in the county; or

(2) residential property tax replacement credit determined under subsection (j)(2) if the county auditor determines that the adjustment is necessary to achieve an equitable reduction of property taxes among the residential property in the county.

(m) This section applies to Hamilton County and Marion County. If the voters of a county approve a local public question under IC 8-25-2, the fiscal body of the county may adopt an ordinance to provide for the use of the certified distribution described in section 16 of this chapter to fund a public transportation project under IC 8-25. However, a county fiscal body shall adopt an ordinance under this subsection if required by IC 8-25-6-10 to impose an additional tax rate on the county taxpayers who reside in a township in which the voters approve a public transportation project in a local public question held under IC 8-25-6. An ordinance adopted under this subsection must specify an additional tax rate to be imposed in the county (or township in the case of an additional rate required by IC 8-25-6-10) of at least one-tenth percent (0.1%), but not more than twenty-five hundredths percent (0.25%). If an ordinance is adopted under this subsection, the amount of the certified distribution attributable to the additional tax rate specified in the ordinance and authorized by section 5(o) of this chapter to fund a public transportation project under IC 8-25 must be:

(1) retained by the county auditor;

(2) deposited in the public transportation project fund established under IC 8-25-3-7; and

(3) used for the purpose provided in this subsection instead of the purposes specified in the capital improvement plan adopted under section 15 of this chapter.

IC 6-3.5-7-27 Version a

Additional tax rate to finance courthouse; county facilities revenue fund; nonreverting fund for operating costs

Note: This version of section effective until 1-1-2017. See also following repeal of this chapter, effective 1-1-2017.

Sec. 27. (a) This section applies to a county that:

- (1) operates a courthouse that is subject to an order that:
 - (A) is issued by a federal district court;
 - (B) applies to an action commenced before January 1, 2003;and
 - (C) requires the county to comply with the federal Americans with Disabilities Act; and
- (2) has insufficient revenues to finance the construction, acquisition, improvement, renovation, equipping, and operation of the courthouse facilities and related facilities.

(b) A county described in this section possesses unique fiscal challenges in financing, renovating, equipping, and operating the county courthouse facilities and related facilities because the county consistently has one (1) of the highest unemployment rates in Indiana. Maintaining low property tax rates is essential to economic development in the county. The use of economic development income tax revenues under this section for the purposes described in subsection (c) promotes that purpose.

(c) In addition to actions authorized by section 5 of this chapter, a county council may, using the procedures set forth in this chapter, adopt an ordinance to impose an additional county economic development income tax on the adjusted gross income of county taxpayers. The ordinance imposing the additional tax must include a finding that revenues from additional tax are needed to pay the costs of:

- (1) constructing, acquiring, improving, renovating, equipping, or operating the county courthouse or related facilities;
- (2) repaying any bonds issued, or leases entered into, for constructing, acquiring, improving, renovating, equipping, or operating the county courthouse or related facilities; and
- (3) economic development projects described in the county's capital improvement plan.

(d) The tax rate imposed under this section may not exceed twenty-five hundredths percent (0.25%).

(e) If the county council adopts an ordinance to impose an additional tax under this section, the county auditor shall, not more than ten (10) days after the vote, send a certified copy of the ordinance to the commissioner of the department, the director of the budget agency, and the commissioner of the department of local government finance in an electronic format approved by the director of the budget agency. The county treasurer shall establish a county facilities revenue fund to be used only for the purposes described in subsection (c)(1) and (c)(2). The amount of county economic development income tax revenues derived from the tax rate imposed under this section that are necessary to pay the costs described in subsection (c)(1) and (c)(2) shall be deposited into the county facilities revenue fund before a certified distribution is made under section 12 of this chapter. The remainder shall be deposited into the economic development income tax funds of the county's units.

(f) County economic development income tax revenues derived

from the tax rate imposed under this section may not be used for purposes other than those described in this section.

(g) County economic development income tax revenues derived from the tax rate imposed under this section that are deposited into the county facilities revenue fund may not be considered by the department of local government finance in determining the county's ad valorem property tax levy for an ensuing calendar year under IC 6-1.1-18.5.

(h) Notwithstanding any other law, funds accumulated from the county economic development income tax imposed under this section and deposited into the county facilities revenue fund or any other revenues of the county may be deposited into a nonreverting fund of the county to be used for operating costs of the courthouse facilities, juvenile detention facilities, or related facilities. Amounts in the county nonreverting fund may not be used by the department of local government finance to reduce the county's ad valorem property tax levy for an ensuing calendar year under IC 6-1.1-18.5.

IC 6-3.5-7-27.5 Version a

Perry County; additional rate

Note: This version of section effective until 1-1-2017. See also following repeal of this chapter, effective 1-1-2017.

Sec. 27.5. (a) This section applies to Perry County.

(b) Perry County possesses unique governmental and economic development challenges due to:

- (1) underemployment in relation to similarly situated counties and the loss of a major manufacturing business; and
- (2) overcrowding of the county jail, the costs associated with housing the county's inmates outside the county, and the potential unavailability of additional housing for inmates outside the county.

The use of county economic development income tax revenue under this section is necessary for the county to provide adequate jail capacity in the county and to maintain low property tax rates essential to economic development. The use of the economic development income tax revenues under this section for the purposes described in subsection (c) promotes that purpose.

(c) The county council may, by ordinance, determine that additional county economic development income tax revenue is needed in the county to:

- (1) finance, construct, acquire, improve, renovate, remodel, or equip the county jail and related buildings and parking facilities, including costs related to the demolition of existing buildings, the acquisition of land, and any other reasonably related costs; and
- (2) repay bonds issued or leases entered into for constructing,

acquiring, improving, renovating, remodeling, and equipping the county jail and related buildings and parking facilities, including costs related to the demolition of existing buildings, the acquisition of land, and any other reasonably related costs.

(d) In addition to the rates permitted under section 5 of this chapter, the county council may impose the county economic development income tax at a rate not to exceed five-tenths percent (0.5%) on the adjusted gross income of county taxpayers. The ordinance imposing the additional tax must include the determination described in subsection (c). The tax imposed under this section may be imposed only until the later of the year in which the financing on, acquisition, improvement, renovation, remodeling, and equipping described in subsection (c) are completed or the year in which the last of any bonds issued or leases entered into to finance the construction, acquisition, improvement, renovation, remodeling, and equipping described in subsection (b)(1) is fully paid. The term of the bonds issued (including any refunding bonds) or a lease entered into under subsection (c)(2) may not exceed twenty-five (25) years.

(e) If the county council makes a determination under subsection (c), the county council may adopt a tax rate under subsection (d). The tax rate may not be imposed at a rate greater than is necessary to pay the costs of financing, acquiring, improving, renovating, remodeling, and equipping the county jail and related buildings and parking, including costs related to the demolition of existing buildings, the acquisition of land, and any other reasonably related costs.

(f) The county treasurer shall establish a county jail revenue fund to be used only for the purposes described in this section. County economic development income tax revenues derived from the tax rate imposed under this section shall be deposited in the county jail revenue fund before making a certified distribution under section 11 of this chapter.

(g) County economic development income tax revenues derived from the tax rate imposed under this section:

- (1) may be used only for the purposes described in this section;
- (2) may not be considered by the department of local government finance in determining the county's maximum permissible property tax levy limit under IC 6-1.1-18.5; and
- (3) may be pledged to the repayment of bonds issued or leases entered into for the purposes described in subsection (c).

(h) Notwithstanding any other law, funds accumulated from the county economic development income tax imposed under this section after:

- (1) the redemption of bonds issued; or
- (2) the final payment of lease rentals due under a lease entered into under this section;

shall be transferred to the county highway fund to be used for construction, resurfacing, restoration, and rehabilitation of county highways, roads, and bridges.

IC 6-3.5-7-27.6 Version a

Starke County; tax rate; county jail and related buildings

Note: This version of section effective until 1-1-2017. See also following repeal of this chapter, effective 1-1-2017.

Sec. 27.6. (a) This section applies to Starke County.

(b) Starke County possesses unique governmental and economic development challenges due to:

- (1) the county's predominantly rural geography, demography, and economy;
- (2) the county's relatively low tax base and relatively high property tax rates;
- (3) the current maximum capacity of the county jail, which was constructed in 1976; and
- (4) pending federal class action litigation seeking a mandate to address capacity and living conditions in the county jail.

The use of county economic development income tax revenue under this section is necessary for the county to address jail capacity and appropriate inmate living conditions and to maintain low property tax rates essential to economic development. The use of the economic development income tax revenue under this section for the purposes described in subsections (c) and (d) promotes that purpose.

(c) The county council may, by ordinance, determine that additional county economic development income tax revenue is needed in the county to:

- (1) finance, construct, acquire, and equip the county jail and related buildings and parking facilities, including costs related to the demolition of existing buildings, the acquisition of land, and any other reasonably related costs; and
- (2) repay bonds issued or leases entered into for constructing, acquiring, and equipping the county jail and related buildings and parking facilities, including costs related to the demolition of existing buildings, the acquisition of land, and any other reasonably related costs.

(d) The county council may, by ordinance, determine that additional county economic development income tax revenue is needed in the county to operate or maintain the facilities described in subsection (c)(1) that are located in the county. The county council may make a determination under this subsection and under subsection (c).

(e) In addition to the rates permitted by section 5 of this chapter, the county council may, subject to subsections (f) and (g), impose the county economic development income tax at a rate not to exceed sixty-five hundredths percent (0.65%) on the adjusted gross income of county taxpayers if the county council:

- (1) makes the determination described in subsection (c); or
- (2) makes both the determination described in subsection (c) and the determination described in subsection (d).

(f) If the county council makes only the determination under subsection (c), the county council may adopt a tax rate under

subsection (e). The tax rate may not exceed the lesser of:

- (1) sixty-five hundredths percent (0.65%); or
- (2) the tax rate that is necessary to pay the costs of financing, acquiring, and equipping the county jail and related buildings and parking facilities, including costs related to the demolition of existing buildings, the acquisition of land, and any other reasonably related costs.

(g) If the county council makes both the determination under subsection (c) and the determination under subsection (d), the county council may adopt a tax rate under subsection (e). The tax rate may not exceed the lesser of:

- (1) sixty-five hundredths percent (0.65%); or
- (2) the tax rate that is necessary to:
 - (A) pay the costs of financing, acquiring, and equipping the county jail and related buildings and parking facilities, including costs related to the demolition of existing buildings, the acquisition of land, and any other reasonably related costs; and
 - (B) provide sufficient annual revenues to operate and maintain the facilities described in subsection (c)(1).

(h) A tax rate imposed under this section may be imposed only until the later of:

- (1) the date on which the last of any bonds issued or leases entered into to finance the facilities are fully paid; or
- (2) the date on which the ordinance under subsection (c) or (d) is repealed or rescinded.

The term of the bonds issued (including any refunding bonds) or a lease entered into under subsection (c)(2) may not exceed twenty-five (25) years.

(i) The county treasurer shall establish a county jail revenue fund to be used only for the purposes described in this section. County economic development income tax revenues derived from the tax rate imposed under this section shall be deposited in the county jail revenue fund before making a certified distribution under section 11 of this chapter.

(j) County economic development income tax revenues derived from the tax rate imposed under this section:

- (1) may be used only for the purposes described in this section;
- (2) may not be considered by the department of local government finance in determining the county's maximum permissible ad valorem property tax levy limit under IC 6-1.1-18.5; and
- (3) may be pledged to the repayment of bonds issued or leases entered into for the purposes described in subsection (c).

(c) If an additional county economic development income tax is imposed under this section, the county treasurer shall establish a county regional development authority fund. (d) County economic development income tax revenues derived from the additional county economic development income tax imposed under this section and deposited in the county regional development authority fund:

(1) shall, not more than thirty (30) days after being deposited in the county regional development authority fund, be transferred as provided in IC 36-7.6-4-2 to the development fund of the regional development authority for which the county is a member; and

(2) may not be considered by the department of local government finance in determining the county's maximum permissible property tax levy under IC 6-1.1-18.5.
